Recitals

- 1 The User has made an Application requesting Covered Services at one or more Connection Points.
 - 2 Horizon Power Pilbara Network has made an Access Offer in accordance with the processes detailed in its User Access Guide to provide the Covered Services to the User.
 - 3 The User has signed the Access Offer, which has become this Contract.
-

The Parties agree as follows:

Operative provisions

1 Interpretation

1.1 Interpretation

In this Contract:

- (a) a reference to:
 - (1) the singular includes the plural and the plural includes the singular;
 - (2) an officer or body of persons includes any other officer or body for the time being exercising the powers or performing the functions of that officer or body;
 - (3) this Contract or any other instrument includes any variation or replacement of it;
 - (4) “under” includes “by”, “by virtue of”, “pursuant to” and “in accordance with”;
 - (5) “day”, “week”, “month”, “quarter” or “year” means a calendar day, week, month, quarter or year (respectively);
 - (6) “person” includes a public body, company, or association or body of persons, corporate or unincorporated;
 - (7) a person includes a reference to the person's personal representatives, executors, administrators, successors and permitted assigns; and
 - (8) any monetary amount means that amount in Australian dollars;
- (b) a word of any gender includes the corresponding words of each other gender;
- (c) if a period of time is specified and dates from a given day or the day of an act or event, it is to be calculated exclusive of that day;
- (d) “copy” includes a photocopy or (subject to the Electronic Communications Protocol in Schedule 7) electronic copy;
- (e) “including” and similar expressions are not words of limitation;
- (f) where a word or expression is given a particular meaning, other parts of speech and grammatical forms of that word or expression have a corresponding meaning;
- (g) where information is set out in braces (namely “{” and “}”), whether or not preceded by the expression “Note”, “Outline” or “Example”, the information:
 - (1) is provided for information only and does not form part of this Contract;
 - (2) is to be disregarded in interpreting this Contract; and
 - (3) might not reflect amendments to this Contract or other documents or Laws; and
- (h) a reference to:
 - (1) a clause is a reference to a clause of this Contract; and

- (2) a series of consecutive clauses or Schedules is to be read as inclusive of the first and last in the series.

1.2 Rights and obligations of more than one person

Where the User consists of more than one person, unless the context otherwise requires:

- (a) the User's obligations under this Contract bind each person jointly and severally;
- (b) the User's rights under this Contract benefit each person jointly; and
- (c) a reference to the User is a reference to each person separately and any 2 or more of them together, for example:
 - (1) a representation, warranty or undertaking given by the Party relates to each person separately and any 2 or more of them together; and
 - (2) an act or omission of a Party includes an act or omission taken or made by each person separately and any 2 or more of them together.

1.3 Interpretation Act applies

Unless the contrary intention is apparent, the rules of interpretation in the *Interpretation Act 1984* (WA) apply to the interpretation of this Contract.

2 Conditions Precedent

2.1 Conditions Precedent

- (a) Clauses 2 {conditions precedent}, 29 {disputes}, 30 {assignment}, 34 {confidentiality}, 36 {notices} and 37 {miscellaneous} come into full force and effect on the Execution Date.
- (b) Subject to clause 2.1(a), this Contract does not come into force or effect until the Commencement Date.

2.2 Reasonable endeavours to satisfy

- (a) The Party who is specified in Part 2 of Schedule 2 as the 'Responsible Party' in respect of a Condition Precedent, must use all reasonable endeavours to satisfy that Condition Precedent as soon as reasonably practicable.
- (b) Each Party agrees to use its reasonable endeavours to provide any reasonable assistance sought by the other Party in connection with the satisfaction of the Conditions Precedent.

2.3 Waiver of Conditions Precedent

- (a) Where a Condition Precedent:
 - (1) is for the sole benefit of a Party that Condition Precedent may be waived by that Party; and
 - (2) is for the benefit of both Parties, it may be waived with the agreement of those Parties.

- (b) A Party must promptly notify the other Party if it:
 - (1) discovers that any of the Conditions Precedent are not satisfied by the 'Due Date' specified in Part 2 of Schedule 2; or
 - (2) discovers that any of the Conditions Precedent have become incapable of being satisfied by the 'Due Date' specified in Part 2 of Schedule 2.

2.4 Non-satisfaction of Conditions Precedent

- (a) Subject to clause 2.4(b), if the Conditions Precedent are not satisfied or waived by Horizon Power Pilbara Network in accordance with clause 2.3(a) by the 'Due Date' specified in Part 2 of Schedule 2 (or such longer period as the Parties may in writing agree) then either Party may, without prejudice to any other right or remedy it may have, terminate this Contract by giving written notice to the other Party.
- (b) A Party is only entitled to exercise the termination right under clause 2.4(a), if it has complied with clause 2.2.

3 Term

This Contract commences on the Commencement Date and ends on the Termination Date, unless terminated earlier under this Contract (**Term**).

Network access provisions

4 Services

4.1 Provision and use of Services

- (a) For each Connection Point, on and from the Start Date and up to and including the End Date, subject to and under this Contract:
 - (1) Horizon Power Pilbara Network must provide the Services (up to the Contracted Capacity); and
 - (2) the User must pay the Charges for, and may use, the Services.
- (b) The User must not:
 - (1) transfer electricity out of the Network at a Connection Point unless it has an Exit Service or Bidirectional Service for that Connection Point; and
 - (2) transfer electricity into the Network at a Connection Point unless it has an Entry Service or Bidirectional Service for that Connection Point.
- (c) For each Service at each Connection Point, the User must endeavour, as a Reasonable and Prudent Person, to ensure that the rate at which electricity is

transferred into or out of the Network by or on behalf of the User does not exceed the Contracted Capacity for that Service.

- (d) Notwithstanding anything else in this Contract, if, during the Term, Horizon Power Pilbara Network determines (acting reasonably) that the User's Facilities and Equipment have impacted, are impacting, or are likely (at any time during the Term) to impact, the security of the Network, and that impact is not otherwise being resolved by the System Operator, then:
- (1) Horizon Power Pilbara Network may:
 - (A) in accordance with Good Electricity Industry Practice, give the User a notice of its intention to implement a Constraint Solution that will, from time to time, limit the output or consumption (as applicable) of the Facilities and Equipment; and
 - (B) request the User to provide all such information and data that Horizon Power Pilbara Network reasonably requires to inform its determination of the best form of Constraint Solution to be implemented; and
 - (2) the User must:
 - (A) on receiving a request from Horizon Power Pilbara Network under clause 4.1(d)(1)(B), promptly (and in any event within 10 Business Days of receiving the request) provide the requested information and data to Horizon Power Pilbara Network;
 - (B) co-operate, and procure that any relevant Controller co-operates, with Horizon Power Pilbara Network in the implementation and installation of the Constraint Solution and comply, and procure that any relevant Controller complies, with any reasonable directions given by Horizon Power Pilbara Network from time to time in connection with the implementation and installation of the Constraint Solution (which may include a direction to make changes to the control system of the User's Generating Plant, where applicable); and
 - (C) reimburse Horizon Power Pilbara Network on demand for Horizon Power Pilbara Network's reasonably incurred costs of establishing the Constraint Solution.
- (e) Notwithstanding anything else in this Contract, title to, and risk in, all materials and equipment forming part of the Constraint Solution (including, where applicable, the Run-Back Equipment) remains with Horizon Power Pilbara Network at all times.

4.2 User may select Services

- (a) The User may from time to time give notice to Horizon Power Pilbara Network seeking to change the Service in respect of a Connection Point.
- (b) If Horizon Power Pilbara Network receives a notice from the User under clause 4.2(a), then Horizon Power Pilbara Network must process that request in accordance with the procedures detailed in the User Access Guide.

4.3 Eligibility Criteria

The User must in relation to each Reference Service Point or Non-Reference Service Point (as applicable), comply with the Eligibility Criteria applicable to that Reference Service or Non-Reference Service (as applicable) provided, or to be provided, at the Reference Service Point or Non-Reference Service Point.

4.4 Increase or decrease of Contracted Capacity

- (a) The User may not increase or decrease the Contracted Capacity at an existing Connection Point, unless the User makes an Application to Horizon Power Pilbara Network and Horizon Power Pilbara Network approves that Application.
- (b) If the User makes an Application to Horizon Power Pilbara Network under clause 4.4(a), then Horizon Power Pilbara Network must process the Application in accordance with the procedures detailed in the User Access Guide.

4.5 Addition of a Connection Point

- (a) The User may not add an additional Connection Point to this Contract unless the User makes an Application to Horizon Power Pilbara Network, and Horizon Power Pilbara Network approves that Application.
- (b) If the User makes an Application to Horizon Power Pilbara Network under clause 4.5(a), then Horizon Power Pilbara Network must process the Application:
 - (1) in accordance with the procedures detailed in the User Access Guide; or
 - (2) under the Customer Transfer Code,
 as applicable.
- (c) If, at any point during the Term, Horizon Power Pilbara Network becomes aware that a Connection Point at which the User is provided with an Entry Service is a 'balancing point' (as defined in the Pilbara Network Rules) nominated to a 'balancing nominee' (as defined in the Pilbara Network Rules) in respect of a supply of electricity to an Exit Point that is not directly connected to the Network, Horizon Power Pilbara Network may add the Interconnect as an additional Connection Point to this Contract at which the User is provided with an Exit Service.

4.6 Deletion of a Connection Point

- (a) The User may give notice to Horizon Power Pilbara Network seeking to delete a Connection Point from this Contract where:
 - (1) a transfer request has been made in relation to the Customer for that Connection Point under the Customer Transfer Code;
 - (2) the Connection Point will be added to another Access Contract by some other means to that stipulated in clause 4.6(a)(1); or
 - (3) the Facilities and Equipment in respect of the Connection Point will be permanently Disconnected from the Connection Point.
- (b) If the User seeks to permanently Disconnect any Facilities and Equipment at a Connection Point, then the notice under clause 4.6(a)(3) must be given to

Horizon Power Pilbara Network at least 3 months before the planned Disconnection.

- (c) Clause 4.6(b) does not limit, and applies in addition to, the requirement for the User and Horizon Power Pilbara Network to comply with their obligations (including timeframe service standards) specified in the Model Service Level Agreement under the Metering Code (to the extent that Model Service Level Agreement applies to the User and Horizon Power Pilbara Network) in respect of any supply abolishment service required to give effect to a permanent Disconnection of Facilities and Equipment.
- (d) Subject to clause 4.6(e), if Horizon Power Pilbara Network receives a notice from the User under clause 4.6(a), then it must notify the User that it accepts the deletion, and the date that the deletion takes effect, if:
 - (1) Horizon Power Pilbara Network has successfully processed a Customer transfer request in relation to the Connection Point under the Customer Transfer Code;
 - (2) the Connection Point has been added to another Access Contract by some other means; or
 - (3) the Facilities and Equipment in respect of the Connection Point have been permanently Disconnected from the Connection Point,
 as soon as reasonably practicable, otherwise Horizon Power Pilbara Network may notify the User as soon as reasonably practicable that it rejects the deletion.
- (e) Clause 4.6(d) does not limit the requirement for the User and Horizon Power Pilbara Network to comply, in respect of any supply abolishment service required to give effect to a permanent Disconnection, with their obligations (including timeframe service standards) specified in the Model Service Level Agreement under the Metering Code (to the extent that Model Service Level Agreement applies to the User and Horizon Power Pilbara Network).
- (f) Subject to the Customer Transfer Code, Horizon Power Pilbara Network must not delete a Connection Point other than in accordance with a notice given by a User under clause 4.6(a).
- (g) If Horizon Power Pilbara Network commits a breach of clause 4.6(f) in circumstances that constitute Wilful Default, it is liable to the User for any damage caused by, consequent upon or arising out of the Wilful Default.

4.7 Amendment to Connection Point data

- (a) Unless the Parties otherwise agree, where information is referred to in Part 1 of Schedule 3, Horizon Power Pilbara Network must, as soon as reasonably practicable after the Commencement Date, record as much of that information with respect to each Connection Point as it is reasonably able to in an electronic database. For the avoidance of doubt, the electronic database referred to in this clause 4.7(a) will form part of the Connection Point Database.
- (b) Subject to clauses 4.7(h) and 4.7(i), Horizon Power Pilbara Network must, as soon as reasonably practicable, update the information contained in the Connection Point Database following any variation made under this clause 4.
- (c) Where, under this Contract, the Connection Point Database consists of Part 1 of Schedule 3 (either partially or wholly), the User acknowledges and agrees that Horizon Power Pilbara Network may, following any:
 - (1) variation made under this clause 4; or

- (2) requirement under this clause 4 to update the Connection Point Database,
- update the information contained in Part 1 of Schedule 3 by written notice to the User.
- (d) Upon request by the User for information referred to in the Connection Point Database, Horizon Power Pilbara Network will, as soon as reasonably practicable, provide to the User the most up-to-date version of that information.
- (e) The Parties acknowledge that if the User is a Metering Code Participant, for each Connection Point Horizon Power Pilbara Network must record and update as much of the information required under Part 1 of Schedule 3 as it is reasonably able to in the Metering Database in accordance with the provisions of the Metering Code and, to the extent that a timeframe is not specified in the Metering Code or the Model Service Level Agreement in force between the User and Horizon Power Pilbara Network, Horizon Power Pilbara Network must do so as soon as is reasonably practicable.
- (f) Nothing in this Contract restricts or prohibits Horizon Power Pilbara Network from maintaining and updating the Metering Database in accordance with the Metering Code.
- (g) Horizon Power Pilbara Network will provide the User with access to the information in the Metering Database relating to each Connection Point in accordance with the Communication Rules and the Metering Code.
- (h) Subject to clause 4.7(i), where Horizon Power Pilbara Network causes a Permanent Reconfiguration of the Network which results in the information contained in the Connection Point Database having to be updated, Horizon Power Pilbara Network:
- (1) is not required to update the information contained in the Connection Point Database before the next 1 July following the Permanent Reconfiguration of the Network; and
- (2) must update the information contained in the Connection Point Database before the date that is 21 days after the date referred to in clause 4.7(h)(1).
- (i) Where a Permanent Reconfiguration of the Network occurs as a result of, or arising from, a notice or Application by the User under clauses 4.4, 4.5 or 4.6, or which results in the information contained in the Connection Point Database having to be updated:
- (1) clause 4.7(h) does not apply; and
- (2) Horizon Power Pilbara Network must update the information contained in the Connection Point Database as soon as reasonably practicable after the Permanent Reconfiguration of the Network.
- (j) The Parties must notify each other of any errors discovered in the Connection Point Database as soon as reasonably practicable after becoming aware of the error.
- (k) Horizon Power Pilbara Network must amend any error in the Connection Point Database as soon as reasonably practicable after becoming aware of the error, provided that if Horizon Power Pilbara Network becomes aware of an error otherwise than by notice from the User under clause 4.7(j), no amendment will be made until Horizon Power Pilbara Network has given notice to the User of the error.

- (l) Where, under this Contract, the Connection Point Database consists of more than one database, and there is an inconsistency or conflict between the information in those databases, then Horizon Power Pilbara Network will, as soon as reasonably practicable after it becomes aware of the inconsistency or conflict:
 - (1) notify the User of the correct information; and
 - (2) resolve the inconsistency or conflict in accordance with the notice referred to in clause 4.7(l)(1).
- (m) Horizon Power Pilbara Network must notify the User as soon as reasonably practicable upon becoming aware that a Connection Point has reverted to the User as a default supplier retailer (being a retailer of the type contemplated in section 59 of the Act).

4.8 Interconnector as a Connection Point

- (a) Notwithstanding anything to the contrary in this Contract, if a Connection Point is an Interconnector, the provision of Services by Horizon Power Pilbara Network at that Connection Point is conditional upon, and subject to, there being an agreement in place between Horizon Power Pilbara Network and the Interconnected Network Service Provider for that Interconnector governing (among other things) the flow of electricity across that Interconnector.
- (b) The User acknowledges and agrees that, where the condition in clause 4.8(a) has not been satisfied (or, where applicable, ceases to be satisfied), Horizon Power Pilbara Network:
 - (1) may suspend the provision of Services at the relevant Connection Point until such time as the condition in clause 4.8(a) is satisfied; and
 - (2) will have no liability to the User arising out of or in connection with a suspension of the Services under clause 4.8(b)(1).
- (c) For so long as the provision of Services at a Connection Point has been suspended under clause 4.8(b)(1), the Charges for the suspended Services will not be payable by the User.

5 Energy balancing and the Essential System Services Regime

5.1 User to remain in balance

At all times that the User is a 'balancing nominee' for the purposes of the Pilbara Network Rules, the User must comply with its obligations as a balancing nominee, including in relation to the obligation to remain in energy balance.

5.2 Essential System Services Regime

The Parties acknowledge that:

- (a) the System Operator administers the Essential System Services Regime, and is responsible for energy balancing and settlement services, in respect of the Network; and
- (b) Horizon Power Pilbara Network is not, and will not be, responsible for administering the Essential System Services Regime, or providing any energy

balancing or settlement services, including if the Essential System Services Regime fails or is changed for any reason.

6 User must provide forecast information

6.1 Horizon Power Pilbara Network may request information

Horizon Power Pilbara Network may, from time to time, and as a Reasonable and Prudent Person, request demand and energy forecast information from the User in respect of a Connection Point.

6.2 When Horizon Power Pilbara Network may request information

A request under clause 6.1 must not be made more than once in any 12 month period, except in an Emergency or where any forecasts provided by the User materially differ from the User's actual performance and, in the opinion of Horizon Power Pilbara Network (as a Reasonable and Prudent Person), require revision in order to facilitate the operation of the Network in accordance with Good Electricity Industry Practice.

6.3 User must comply with request

The User must promptly (and in any event within 5 Business Days) comply with Horizon Power Pilbara Network's request under clause 6.1, and use its reasonable endeavours to ensure the forecast information provided is accurate and correct.

7 Title to electricity

7.1 Transfer into the Network

Title to electricity that is transferred into the Network at a Connection Point passes from the User to Horizon Power Pilbara Network at the time it passes through the Connection Point.

7.2 Transfer out of the Network

Title to electricity that is transferred out of the Network at a Connection Point passes from Horizon Power Pilbara Network to the User at the time it passes through the Connection Point.

7.3 User does not acquire interest in Network

To avoid doubt, nothing in, and nothing done under or in connection with, this Contract causes the User to acquire any right, title or interest in or to the Network or any part of it.

8 Controllers

8.1 Where User is not the Controller

- (a) If:
- (1) the User is not the Controller; or
 - (2) there is more than one Controller,
of the Facilities and Equipment or a Connection Point (or both, as applicable),
and if Horizon Power Pilbara Network requires, the User must use reasonable
endeavours to procure that each Controller that is not the User enters into a
Connection-only Access Contract with Horizon Power Pilbara Network in respect
of the Facilities and Equipment or Connection Point (or both, as applicable).
- (b) Subject to clause 8.1(g), if clause 8.1(a) applies, and any Controller has not
entered into a Connection-only Access Contract with Horizon Power Pilbara
Network in respect of the Facilities and Equipment or Connection Point (or both,
as applicable), then the User must ensure that the relevant Controller complies,
and will continue to comply, with the obligations set out in the Pilbara Network
Rules, the Technical Requirements, and in this Contract more broadly (to the
extent that such compliance is reasonably necessary for the Parties to satisfy
their obligations under this Contract) including:
- (1) clause 5 (Energy balancing and the Essential System Services
Regime)
 - (2) clause 11 (Metering);
 - (3) clause 14 (Good Electricity Industry Practice);
 - (4) clause 15 (Technical Requirements);
 - (5) clause 16 (Technical characteristics of Facilities and Equipment);
 - (6) clause 17 (Cooperation);
 - (7) clause 18 (Access to premises);
 - (8) clause 19 (Directions from System Operator);
 - (9) clause 20 (Removal of equipment);
 - (10) clause 25 (Curtailment); and
 - (11) clause 36 (Notices).
- (c) If:
- (1) the User is not the Controller; or
 - (2) there is more than one Controller,
of the Facilities and Equipment or a Connection Point (or both, as applicable),
then the User must ensure that it enters into a contract with each Controller that
is not the User obliging the Controller to comply with the obligations set out in the
Pilbara Network Rules, the Technical Requirements, and this Contract more
broadly (to the extent set out in clause 8.1(b)) and that such contract entered into
between the User and a Controller relating to Services under this Contract
contains a provision:
 - (3) that Horizon Power Pilbara Network is not in any circumstances liable
for Indirect Damage suffered by the Controller, however arising,
except to the extent that Horizon Power Pilbara Network would have

been liable for such Indirect Damage in accordance with clause 22.3 (had the damage been suffered by the User under or in connection with this Contract); and

- (4) under which the Controller covenants in favour of Horizon Power Pilbara Network (which covenant is expressed to be enforceable by Horizon Power Pilbara Network in accordance with section 11 of the *Property Law Act 1969 (WA)*) that it will not bring a claim against Horizon Power Pilbara Network:
- (A) for Indirect Damage, except to the extent that Horizon Power Pilbara Network would have been liable for such Indirect Damage in accordance with clause 22.3 (had the damage been suffered by the User under or in connection with this Contract); or
- (B) which will result in Horizon Power Pilbara Network's aggregate liability to the Controller and the User, under or in connection with this Contract, or the Services provided under or in connection with this Contract, exceeding the Horizon Power Pilbara Network Maximum Liability Amount.
- (d) On reasonable request from Horizon Power Pilbara Network, the User must (unless the Controller has already entered into a Connection-only Access Contract with Horizon Power Pilbara Network) provide evidence to Horizon Power Pilbara Network's satisfaction as a Reasonable and Prudent Person that the User is complying, and will continue to comply, with clause 8.1(c).
- (e) If the User does not satisfy Horizon Power Pilbara Network under clause 8.1(d), Horizon Power Pilbara Network may refuse to commence provision of the Services or may Curtail the provision of Services in respect of the relevant Connection Point unless and until:
- (1) the Controller has entered into a Connection-only Access Contract with Horizon Power Pilbara Network in respect of the Connection Point; or
- (2) the User satisfies Horizon Power Pilbara Network under clause 8.1(d).
- (f) Where the User is in breach of clause 8.1(b), the User indemnifies Horizon Power Pilbara Network and each of its Workers from and against any Claim or Loss caused by, consequent upon, or arising out of the acts or omissions (negligent or otherwise) of the Controller, which Claim or Loss is brought against, suffered or incurred by Horizon Power Pilbara Network or its Workers (as applicable).
- (g) Where the Controller has not entered into a Connection-only Access Contract with Horizon Power Pilbara Network, the User is (subject to clause 8.1(h)) required to commence, maintain or continue legal proceedings to procure compliance of the Controller with the obligations set out in this Contract, to the extent that such compliance is reasonably necessary for the Parties to satisfy their obligations under this Contract.
- (h) The User is not required to comply with clause 8.1(g) unless Horizon Power Pilbara Network confirms it will indemnify the User for all of the User's reasonably and actually incurred costs (including incidental costs) of commencing, maintaining or continuing legal proceedings in accordance with clause 8.1(g).
- (i) Nothing in clause 8.1(g) or 8.1(h):
- (1) limits the User's obligations under the remainder of this clause 8.1; or
- (2) derogates from Horizon Power Pilbara Network's other rights under this Contract, including under clause 8.1(f).

8.2 Horizon Power Pilbara Network may enter into Access Contracts

Nothing in clause 8.1 is to be taken to prevent Horizon Power Pilbara Network from entering into an Access Contract with any person, including a person who is a Controller.

8.3 Liability and Force Majeure not limited

Nothing in clause 8.1 limits the operation of clauses 22.1 or 24.1 in respect of either the User or Horizon Power Pilbara Network.

9 Tariff and Charges

9.1 Tariff

- (a) The 'Tariff' payable by the User under this Contract for:
- (1) a Reference Service, is the tariff, or tariffs, as applicable, specified from time to time in the Price List (or part of a Price List) applicable to the period during which the Service is provided, including any component of such a tariff in respect of a Temporary Access Contribution; and
 - (2) a Non-Reference Service, is the tariff, or tariffs, as applicable, specified in Schedule 9.
- (b) Where the User's use of a Service is metered with an accumulation meter, and the meter reading interval causes some of the metered use to lie across 2 periods of different pricing, the Tariff applicable to such use will be determined by apportioning the metered use to each period of different pricing, uniformly on a daily basis.
- (c) For the purposes of calculating Tariffs and Charges for a Service:
- (1) Horizon Power Pilbara Network is entitled to rely on the information contained in the Connection Point Database (as updated from time to time in accordance with this Contract); and
 - (2) where information contained in the Connection Point Database is updated, or to be updated, in accordance with this Contract, the updated information:
 - (A) will not apply to any period before; and
 - (B) must not be used to calculate a Tariff or Charge until, the date that the information is actually updated in accordance with this Contract.

9.2 Amounts payable in respect of excess demand

Without limiting (and in addition to) Horizon Power Pilbara Network's rights under clause 25.1(f), where, during an Accounting Period, the rate at which electricity is transferred out of the Network by or on behalf of the User exceeds the Contracted Capacity applicable to the relevant Service at that Connection Point, the User must pay to Horizon Power Pilbara Network (as part of the Charges) an 'excess demand charge', calculated in accordance with the following formula:

N

$$EDC = \sum_{n=1} EV_n \times EF \times AT_n$$

where:

- (a) **EDC** (in \$) is the excess demand charge for an Accounting Period;
- (b) **EV_n** (in kVA) is the greater of 0, or the value of (in respect of the Nth Exit Point in the relevant Accounting Period):

$$ECMD_n - CMD_n$$

where:

- (1) **ECMD_n** (in kVA) is, for that Exit Point during that Accounting Period, the highest mean demand for any Trading Interval occurring during that Accounting Period (**Peak Interval**); and
- (2) **CMD_n** (in kVA) is the CMD applicable to that Exit Point during the Peak Interval;
- (c) **EF** (expressed as a decimal number) is equal to 2.0, or such other multiple specified in the Price List (or part of a Price List) applicable to the period during which the transfer of electricity in excess of the Contracted Capacity occurred;
- (d) **N** is the total number of Exit Points in the applicable Accounting Period; and
- (e) **AT_n** (in \$/kVA/month) is the applicable monthly Tariff in respect of the Nth Exit Point in the applicable Accounting Period.

9.3 Charges

- (a) In consideration for the Services, the User must pay the Charges to Horizon Power Pilbara Network pursuant to this clause 9 and clause 10.
- (b) Nothing in this clause 9.3 prevents Horizon Power Pilbara Network from recovering any other monies otherwise payable by the User to Horizon Power Pilbara Network under this Contract or at Law.
- (c) If the System Operator levies a charge on Horizon Power Pilbara Network under the Essential System Services Regime (**Essential System Services Regime Charge**), Horizon Power Pilbara Network will pass through, on a fair and reasonable basis, the amount of the Essential System Services Regime Charge to the User, which is referable to an act or omission of the User, or the use of a Service provided under this Contract. Horizon Power Pilbara Network will invoice the User for the Essential System Services Regime Charge in accordance with clause 10.1.

9.4 Charges during Horizon Power Pilbara Network's Force Majeure Event

If a Service (**Affected Service**) is unavailable for any period of 2 or more consecutive days (**Affected Service Period**) due to the occurrence of a Force Majeure Event where:

- (a) Horizon Power Pilbara Network is the Affected Person;
- (b) the User is unable to use the Affected Service because of the Force Majeure Event; and
- (c) Horizon Power Pilbara Network's inability to provide the Affected Service has not been caused by the User's default or negligence,

then, for those parts of the Affected Service Period in which the Facilities and Equipment were not (or would not have been) subject to a scheduled or unscheduled outage during which the Facilities and Equipment were (or would have been) De-energised, the User is relieved of its obligation under clause 9.3(a) and instead must pay Horizon Power Pilbara Network an amount equal to 10% of the Charges for the Affected Service during that part of the Affected Service Period.

10 Invoicing and payment

10.1 Horizon Power Pilbara Network invoices

- (a) Subject to clause 10.1(d), Horizon Power Pilbara Network must, within 14 Business Days after the end of an Accounting Period, issue to the User a Tax Invoice for the Accounting Period stating the amount payable by the User to Horizon Power Pilbara Network for the Accounting Period (being the aggregate of all amounts detailed in the worksheet referred to in clause 10.1(b)), and GST payable on that amount under clause 10.6.
- (b) Each Tax Invoice issued by Horizon Power Pilbara Network under clause 10.1(a) will be accompanied by a worksheet, detailing how the amount stated in the Tax Invoice was determined by Horizon Power Pilbara Network, including line items for:
 - (1) all amounts payable by the User to Horizon Power Pilbara Network under this Contract for the Accounting Period; and
 - (2) any other amounts payable by the User to Horizon Power Pilbara Network in connection with the Service under this Contract, or at Law (including under the Model Service Level Agreement).
- (c) In respect of each Accounting Period during the Term, the User will:
 - (1) by electronic transfer to the User in accordance with clause 36; or
 - (2) by means of automated access being granted to the User,
 be provided with the relevant Metering Data for each Connection Point referred to in clause 11.2(a), which was used by Horizon Power Pilbara Network in determining the quantity of electricity transferred to or from the Network at each Connection Point under this Contract.
- (d) Notwithstanding clause 10.1(a), the Parties may, by mutual agreement in writing, implement a different system of invoicing to that stipulated in clause 10.1(a).

10.2 User invoices

- (a) At the same time as Horizon Power Pilbara Network issues to the User a Tax Invoice for an Accounting Period under clause 10.1(a), Horizon Power Pilbara Network must provide the User with all information necessary for the User to determine any amounts payable by Horizon Power Pilbara Network to the User for the Accounting Period.
- (b) The User must, within 5 Business Days after receiving the information under clause 10.2(a), issue to Horizon Power Pilbara Network a Tax Invoice for the Accounting Period showing:
 - (1) all amounts payable by Horizon Power Pilbara Network to the User under this Contract, which amounts may be calculated using the

information provided to the User by Horizon Power Pilbara Network under clause 10.2(a); and

- (2) GST payable on those amounts payable under clause 10.6.
- (c) If the User Disputes the information provided by Horizon Power Pilbara Network under clause 10.2(a), then:
 - (1) the User may issue a Tax Invoice under clause 10.2(b) for an amount the User (acting as a Reasonable and Prudent Person) estimates to be the correct amount payable; and
 - (2) the User must, before the Due Date of the Tax Invoice under clause 10.2(b), give notice to Horizon Power Pilbara Network that it Disputes the information provided under clause 10.2(a) and provide in that notice full details of the Dispute, including the difference between the amount for which the Tax Invoice has been issued by the User and the amount for which that Tax Invoice would have been issued had the information provided by Horizon Power Pilbara Network under clause 10.2(a) been accepted by the User as correct.
- (d) Clause 10.4 applies in respect of a Tax Invoice issued under clause 10.2(b), for the purposes of which the '**Undisputed Portion**' is taken to be an amount calculated in accordance with the information provided by Horizon Power Pilbara Network under clause 10.2(a).

10.3 Payment of invoices

- (a) Subject to clause 10.4, each Party which receives a Tax Invoice under clause 10.1(a) or 10.2(b) must, on or before the Due Date of the Tax Invoice, pay to the Party issuing the Tax Invoice all amounts shown on the Tax Invoice which are payable under this Contract.
- (b) If a Party fails to comply with clause 10.3(a) then, without prejudice to the other Party's other rights, the Party must pay interest on any unpaid amount, calculated daily at the Prescribed Rate from the Due Date of the Tax Invoice until payment.

10.4 Disputed invoices

- (a) If a Party Disputes any amount set out in a Tax Invoice issued under clause 10.1(a) or 10.2(b) then that Party must pay the Undisputed Portion (if any) and must, prior to the Due Date of the Tax Invoice, give notice to the other Party that it Disputes the amount and provide in that notice full details of the Dispute.
- (b) Without prejudice to the other Party's other rights, any amount:
 - (1) withheld by a Party under clause 10.4(a) but subsequently found to have been payable attracts interest calculated daily at the Prescribed Rate from the Due Date of the Tax Invoice until payment; and
 - (2) paid by a Party under clause 10.4(a) but subsequently found not to have been payable attracts interest calculated daily at the Prescribed Rate from the date the Party paid the amount to the date the other Party repays the amount.

10.5 Under and over payments

- (a) If a Party detects a Payment Error by a Party of any amount within:

- (1) in respect of a Payment Error resulting from an error in the Metering Data used to calculate the Charges, 12 months after the Payment Error; or
- (2) in respect of any other Payment Error, 18 months after the Payment Error,

the Party must as soon as reasonably practicable give notice to the other Party of the Payment Error, and an adjusting payment must be made by the appropriate Party within 10 Business Days of the notice, including any applicable interest in accordance with clause 10.5(c).

- (b) For the avoidance of doubt, a Party is not entitled to an adjusting payment for a Payment Error notified to the other Party after the expiry of 12 months (in the case of clause 10.5(a)(1)) or 18 months (in the case of clause 10.5(a)(2)) after the Payment Error.
- (c) Excluding a Payment Error notified under clause 10.5(a) that is an underpayment which resulted from an error by the other Party, the adjusting payment must, without prejudice to the Party's other rights, include interest calculated daily at the Prescribed Rate from the date of the Payment Error until the date of the adjusting payment.
- (d) For the purposes of calculating interest payable under clause 10.5(c):
 - (1) where a Payment Error is an error, as a result of which the amount set out in a Tax Invoice is less than what it would have been had the error not been made, the Payment Error will be taken to have occurred on the Due Date of the Tax Invoice; and
 - (2) where a Payment Error is an error, as a result of which the amount set out in a Tax Invoice is more than what it would have been had the error not been made, the Payment Error will be taken to have occurred on the date the relevant Party has paid the total amount of the Tax Invoice in full.

10.6 GST

- (a) Unless expressly included, the consideration for any supply under or in connection with this Contract (including any Charge or Tariff, and any Contribution) is GST exclusive.
- (b) To the extent that any supply made under or in connection with this Contract is a taxable supply and the price for it (including any Charge or Tariff, and any Contribution) is stated to be GST exclusive, the consideration for that supply is increased by an amount determined by the supplier, not exceeding the amount of the consideration (or its market value) multiplied by the rate at which GST is imposed in respect of the supply.
- (c) Without limiting the obligation to provide a Tax Invoice under this clause 10, the supplier must issue a Tax Invoice to the recipient of a supply to which clause 10.6(b) applies before the payment of the GST inclusive consideration determined under that clause.
- (d) If a Party is entitled under this Contract to be reimbursed or indemnified by another Party for a cost or expense incurred in connection with this Contract, the reimbursement or indemnity payment must not include any GST component of the cost or expense for which an input tax credit may be claimed by the Party entitled to be reimbursed or indemnified, or by its representative member.

- (e) Each Party agrees to notify the other Party as soon as practicable after becoming aware of an adjustment event, and the Parties agree to take whatever steps are necessary, including the issue of an adjustment note, and to make whatever adjustments are required, to ensure that any GST or additional GST on that supply, or any refund of any GST (or part of GST) is paid as soon as is practicable, and in any event no later than 10 Business Days after the Party has satisfied itself that the adjustment event has occurred.
- (f) Where interest is payable under this Contract, no GST is to be added to the interest amount on the Tax Invoice as the interest amount is a financial supply under the GST Act.
- (g) Definitions in the GST Act apply also in this clause 10.6 unless the context indicates otherwise.

10.7 Set off

- (a) Horizon Power Pilbara Network may set off any amount due for payment by it to the User under this Contract against any amount which is due for payment by the User to Horizon Power Pilbara Network under this Contract.
- (b) Except as permitted in this clause 10.7, no set off is permitted by either Party in connection with this Contract, whether under this Contract or otherwise.

11 Metering

11.1 Metering Equipment

- (a) Horizon Power Pilbara Network may (in its discretion) install, or require the User to install (in each case, at the User's sole cost), Metering Equipment to measure and record, in real time, the electricity transferred to or from the Network at each Connection Point under this Contract in accordance with the requirements of the Metering Code and the Pilbara Network Rules.
- (b) Horizon Power Pilbara Network will, at the User's cost (unless agreed otherwise), operate and maintain the Metering Equipment (including the testing, calibration and repair of the Metering Equipment) in accordance with the requirements of the Metering Code.
- (c) The User must not tamper with, bypass, circumvent or otherwise interfere with the Metering Equipment or do anything that will prevent Horizon Power Pilbara Network from accessing the Metering Equipment or allow anyone else to do so.
- (d) The User indemnifies Horizon Power Pilbara Network and each of its Workers from and against any Claims or Loss however caused (including negligence), brought against, suffered or incurred by Horizon Power Pilbara Network or its Workers (as applicable), arising out of or in connection with damage to the Metering Equipment caused by an act or omission of the User, or a failure to comply with clause 11.1(c).

11.2 Metering Data

- (a) Subject to clause 11.2(b), the quantity of electricity transferred to or from the Network at each Connection Point under this Contract is to be determined from Metering Data (which will be recorded by the Metering Equipment in real time, and collected and used by Horizon Power Pilbara Network).

- (b) If, during any period, the Metering Data cannot be relied on when required due to any one or more of:
- (1) the occurrence of a Force Majeure Event;
 - (2) the removal or failure of, or erroneous recording by, the Metering Equipment;
 - (3) an inaccuracy in the Metering Equipment; or
 - (4) the obtaining of only partial interval data from the Metering Equipment,
- the quantity of electricity transferred to or from the Network at a Connection Point will be determined by Horizon Power Pilbara Network in accordance with the Metering Code, and using information reasonably available to it, including (where appropriate) historical Metering Data.
- (c) The Parties must comply with any applicable Model Service Level Agreement.
- (d) The User acknowledges and agrees that Horizon Power Pilbara Network may (without limiting any other rights Horizon Power Pilbara Network may have in respect of Metering Data), use Metering Data for any purpose in connection with its Network Business, including:
- (1) aggregating that Metering Data with similar data from Other Network Users for the purposes of determining the load of Horizon Power Pilbara Network's Other Business on the Network at any point in time;
 - (2) using that Metering Data in the performance of its functions under the Pilbara Network Rules; and
 - (3) disclosing that Metering Data to the System Operator.

12 Security for Charges

12.1 Provision of security

- (a) Subject to clause 12.1(b) if Horizon Power Pilbara Network determines (as a Reasonable and Prudent Person) at any time during the Term that the User's technical or financial resources are such that the User may be unable to meet its obligations under this Contract, then:
- (1) Horizon Power Pilbara Network may, by written notice to the User, require the User to provide security; and
 - (2) within 15 Business Days of receiving Horizon Power Pilbara Network's notice under clause 12.1(a)(1), the User must provide security which complies with clause 12.2 to Horizon Power Pilbara Network.
- (b) If:
- (1) the User has:
 - (A) an unqualified credit rating of at least BBB from Standard and Poor's Australia Pty Ltd or Baa from Moody's Investor Service Pty Ltd; or
 - (B) an equivalent rating from an internationally recognised credit ratings agency which is acceptable to Horizon Power Pilbara Network (acting reasonably),

and provides evidence to this effect to Horizon Power Pilbara Network;
and

- (2) the User has not, at any point during the Term, defaulted in the payment of any amount due under this Contract on time and in full, then Horizon Power Pilbara Network is not entitled to determine under clause 12.1(a) that the User's financial resources are such that the User may be unable to meet its obligations under this Contract.

12.2 Requirements for security

- (a) Security provided by the User to Horizon Power Pilbara Network under clause 12.1(a)(2) must be (at the User's election), either:
- (1) a cash deposit equal to the Charges for 6 months' Services;
 - (2) an irrevocable and unconditional on demand bank guarantee (or equivalent financial instrument on terms acceptable to Horizon Power Pilbara Network acting as a Reasonable and Prudent Person), which:
 - (A) is issued by a major Australian bank or financial institution with an unqualified credit rating of at least BBB with Standard and Poor's Australia Pty Ltd, or Baa with Moody's Investor Service Pty Ltd;
 - (B) has no expiry date, or an expiry date that is at least 3 months after the security is reasonably expected to be returned under clause 12.6; and
 - (C) is for an amount equal to the Charges for 6 months' Services; or
 - (3) if Horizon Power Pilbara Network is satisfied, as a Reasonable and Prudent Person, that the User's parent company's financial and technical resources are such that the User's parent company would be able to meet the User's obligations under this Contract (including because the User's parent company meets at least one of the credit ratings given in clause 12.1(b)), a parent company guarantee substantially in the form set out in Schedule 8.
- (b) In this clause 12, a reference to an amount equal to the "Charges for 6 months' Services" means Horizon Power Pilbara Network's reasonable estimate of the Charges which will be payable by the User for the Services to be provided under this Contract in the next 6 month period from the end of the next Accounting Period (that is, from the end of the Accounting Period which expires after the Accounting Period in which the User is notified of the current level of security it is required to provide).

12.3 Provision of supplementary security

- (a) If any security held by Horizon Power Pilbara Network under clause 12.2(a)(1) or 12.2(a)(2) is at any time not equal to the Charges for 6 months' Services (as described in clause 12.2(b)), then the User must, within 15 Business Days of a written request by Horizon Power Pilbara Network to the User, provide Horizon Power Pilbara Network with:
- (1) if the security is a cash deposit under clause 12.2(a)(1), an additional cash payment to increase the security so that it is equal to the Charges for 6 months' Services; or

- (2) if the security is a bank guarantee under clause 12.2(a)(2), a replacement bank guarantee (that is in accordance with clause 12.2(a)(2), and in an amount that is equal to the Charges for 6 months' Services).
- (b) If any security is held by Horizon Power Pilbara Network under clause 12.2(a)(3), but Horizon Power Pilbara Network ceases to be satisfied, as a Reasonable and Prudent Person, that the criteria in clause 12.2(a)(3) are met then by notice to the User, Horizon Power Pilbara Network may require the provision of a new form of security complying with the requirements of clause 12.2(a)(1) or 12.2(a)(2), which security must be provided within 15 Business Days of service of Horizon Power Pilbara Network's notice.

12.4 Replacement of security

- (a) The User must replace any security held by Horizon Power Pilbara Network under clause 12.1(a)(2) as follows:
 - (1) where the security held is a cash deposit under clause 12.2(a)(1), within 15 Business Days after the security is called upon by Horizon Power Pilbara Network, or otherwise ceases to be enforceable for any reason; and
 - (2) where the security held is a bank guarantee under clause 12.2(a)(2):
 - (A) at least 15 Business Days before the security expires;
 - (B) within 15 Business Days after written request by Horizon Power Pilbara Network if the issuer of the security no longer satisfies the requirements of clause 12.2(a)(2)(A); and
 - (C) within 15 Business Days after the security is called upon by Horizon Power Pilbara Network, or otherwise ceases to be enforceable for any reason.
- (b) The replacement security provided under clause 12.4(a) must comply with clause 12.2.
- (c) This Contract will apply to any replacement security provided under clauses 12.3(a)(2) or 12.4(a) (as applicable) as if it was the security being replaced.
- (d) Horizon Power Pilbara Network must return the security to be replaced under clause 12.3(a)(2) or 12.4(a) (as applicable) to the User immediately following receipt of the replacement security.
- (e) If the User does not replace any security as required by this clause 12.4, Horizon Power Pilbara Network may make a demand for the full amount of the security to be replaced, and hold the proceeds on the basis that the security to be replaced was held under this Contract.

12.5 Recourse to security

- (a) Horizon Power Pilbara Network may call upon (and use the proceeds of) a cash deposit or bank guarantee (or equivalent financial instrument) provided to it under clause 12.2(a)(1) or 12.2(a)(2) (respectively) in respect of any amount due and payable by the User to Horizon Power Pilbara Network under or in connection with this Contract which, remains unpaid by the due date for payment of that amount or, where this Contract does not specify a due date for payment, has not been paid within 10 Business Days of Horizon Power Pilbara Network issuing a notice to the User requiring payment of the amount.

- (b) If Horizon Power Pilbara Network terminates this Contract under clause 28.1, Horizon Power Pilbara Network may make demands under the security provided to it under this clause 12 and apply the proceeds in respect of any Loss suffered or incurred by Horizon Power Pilbara Network as a result of the termination.
- (c) The User covenants that it will not take any steps (including commencing proceedings or seeking an injunction or declaration) to prevent the issuer of a security (in the case of clause 12.2(a)(2)) paying a demand made by Horizon Power Pilbara Network.

12.6 Release of security

Upon the termination of this Contract and receipt by Horizon Power Pilbara Network of all amounts due by the User to it under this Contract, Horizon Power Pilbara Network will return to the User any security provided under this clause 12 which is still held by Horizon Power Pilbara Network.

12.7 Interest

- (a) Where security is provided to Horizon Power Pilbara Network in the form of a cash deposit under clause 12.2(a)(1), then Horizon Power Pilbara Network will deposit the amount in a non-interest bearing account maintained with a financial institution, selected consistently with Horizon Power Pilbara Network's policies, or with the Western Australian Treasury Corporation or other government body.
- (b) Nothing in this Contract is to be taken as imposing any obligation on Horizon Power Pilbara Network to maximise or obtain any return on cash deposit amounts held by Horizon Power Pilbara Network as security.

13 Security for Contribution

- (a) Without limiting the User's security obligations related to clause 26, where Horizon Power Pilbara Network has determined in accordance with the Contributions Policy that the User is required to provide an irrevocable and unconditional bank guarantee (or equivalent financial instrument) in terms acceptable to Horizon Power Pilbara Network (acting as a Reasonable and Prudent Person), the User must provide to Horizon Power Pilbara Network the requested bank guarantee (or equivalent financial instrument), which guarantee must:
 - (1) be issued by a major Australian bank or financial institution with an unqualified credit rating of at least BBB with Standard and Poor's Australia Pty Ltd, or Baa with Moody's Investor Service Pty Ltd;
 - (2) have no expiry date, or an expiry date that is at least 3 months after the Termination Date; and
 - (3) be for the present value of any amount of any Contribution to be made by the User that remains unpaid or unprovided as calculated by Horizon Power Pilbara Network under the Contributions Policy.
- (b) Clauses 12.4 to 12.6 (inclusive) apply to this clause 13 as if the bank guarantee to be provided by the User under clause 13(a) was provided under clauses 12.1(a)(2) and 12.2(a)(2).

Technical compliance provisions

14 Good Electricity Industry Practice

14.1 Horizon Power Pilbara Network must comply with Good Electricity Industry Practice

Horizon Power Pilbara Network must comply with Good Electricity Industry Practice when providing Services and performing its obligations under this Contract.

14.2 User must comply with Good Electricity Industry Practice

The User must comply with Good Electricity Industry Practice in using the Services and performing its obligations under this Contract.

15 Technical Requirements

15.1 Horizon Power Pilbara Network and User must comply

- (a) Horizon Power Pilbara Network must comply with the Technical Requirements as they apply to a Network Service Provider.
- (b) The User must procure that each Controller complies, and where the User is a Controller it must itself comply, with the Technical Rules as they apply to a Controller.
- (c) The User must:
 - (1) comply, and must procure that each Controller complies, with the Horizon Power Technical Rules as they apply to a User; and
 - (2) ensure that the Facilities and Equipment comply with the Pilbara Network Rules and the Technical Requirements at all times.

15.2 User to ensure its Customer's comply with Technical Requirements

- (a) This clause 15.2 only applies where a Service under this Contract is being used by the User to supply electricity to a Customer.
- (b) The User must ensure that each of its Customers that receive electricity through a Connection Point under this Contract comply with the Technical Requirements as they apply to:
 - (1) a Controller;
 - (2) Controller 'facilities' and 'equipment' (in each case, as defined in the Technical Rules);
 - (3) Embedded Generating Units; and
 - (4) small 'generating units' (as defined in the Technical Rules),
 in each case, to the extent applicable to the Customer.

- (c) The User must allow, or procure that each of its Customers that receive electricity through a Connection Point under this Contract allow, Horizon Power Pilbara Network all reasonable rights of entry to such Customer's premises:
- (1) to inspect the construction, installation, operation, maintenance and repair of the Embedded Generating Unit (if any), and all other equipment associated with the Customer's embedded generation (if any);
 - (2) to exercise its rights under the Technical Requirements in respect of the Embedded Generating Unit (if any); and
 - (3) for any other reasonable purpose connected with or arising out of this Contract.
- (d) The User indemnifies Horizon Power Pilbara Network and each of its Workers from and against any Claims or Loss however caused (including negligence), brought against, suffered or incurred by Horizon Power Pilbara Network or its Workers (as applicable), arising out of or in connection with damage to the Network, Network Assets or the Metering Equipment caused by an act or omission of any of the User's Customers that receive electricity through a Connection Point under this Contract, or a failure of the User to comply with this clause 15.2.

15.3 User to bear costs

- (a) The User must bear its own costs in relation to compliance with clauses 15.1(b), 15.1(c) and 15.2.
- (b) Horizon Power Pilbara Network must bear its own costs in relation to compliance with clause 15.1(a).
- (c) Notwithstanding clause 15.3(b), where an act or omission of:
- (1) the User in breach of this Contract; or
 - (2) a Controller, or any of the User's Customers that receive electricity through a Connection Point under this Contract, in each case in breach of the Technical Requirements (as applicable),
- causes Horizon Power Pilbara Network to incur extra costs in order to ensure Horizon Power Pilbara Network complies with clause 15.1(a), the User must bear Horizon Power Pilbara Network's reasonable extra costs so incurred to the extent that such costs are not already recovered from the User or any other person under any other arrangement, including the Contributions Policy.
- (d) Without limiting clause 15.3(c), where a User's equipment, or a User's Customer's equipment, increases the fault levels in the Network, the User must bear Horizon Power Pilbara Network's reasonable costs of any upgrades to the Network required under the Technical Requirements to the extent that such costs are not already payable by the User under the Contributions Policy.
- (e) For the avoidance of doubt, the User is not liable for any costs incurred by Other Network Users arising from compliance by the Other Network Users with the Technical Requirements.
- (f) If Horizon Power Pilbara Network recovers costs referred to in clause 15.3(c) from another party in circumstances where the User has already paid them to Horizon Power Pilbara Network, Horizon Power Pilbara Network must refund those costs without interest to the User.

15.4 Actions of third parties

Subject to clause 8.1(f), if the actions of any third party (excluding a Customer of the User or a Controller that is not the User) cause a Party to breach the Technical Requirements, then the Party is not in breach of clause 15.1 unless the Party has:

- (a) been negligent; or
- (b) has not acted as a Reasonable and Prudent Person.

16 Technical characteristics of Facilities and Equipment

- (a) The Parties must record:
 - (1) in Part 2 of Schedule 3 any technical information that the User was required to provide to Horizon Power Pilbara Network under the User Access Guide, and as part of the Application; and
 - (2) in Part 3 of Schedule 3 any exemptions to:
 - (A) the Technical Rules given to the User or any Controller under rule 64 of the Pilbara Network Rules; and
 - (B) the Horizon Power Technical Rules agreed between the Parties.
- (b) Each Party must record any other information required to be recorded in this Contract by the Technical Requirements within a database maintained by that Party, and provide the other Party with reasonable access to the information upon request by that Party.
- (c) The User must not materially modify (or suffer or permit the material modification of) any Facilities and Equipment connected at a Connection Point unless:
 - (1) where such modification requires an Application under the User Access Guide:
 - (A) the User makes such an Application; and
 - (B) the Application is processed by Horizon Power Pilbara Network under the User Access Guide, resulting in an Access Offer for the change, which the User accepted; or
 - (2) where such modification does not require an Application under the User Access Guide and relates to Facilities and Equipment owned by a person other than a Small Customer:
 - (A) the User notifies Horizon Power Pilbara Network of the modifications to the Facilities and Equipment in writing at least 65 Business Days prior to the modifications being made;
 - (B) the User demonstrates to Horizon Power Pilbara Network's satisfaction that the User has complied with the WA Electrical Requirements in respect of the modifications to the Facilities and Equipment; and
 - (C) Horizon Power Pilbara Network notifies the User that Horizon Power Pilbara Network and the System Operator have each determined (in their respective discretions) that the modified Facilities and Equipment do not adversely impact the safety or security of the Network.

- (d) For the purposes of clause 16(c), a modification is material only if:
 - (1) it involves expenditure of more than \$100,000; or
 - (2) the modification is one which, consistently with Good Electricity Industry Practice, requires review by a duly qualified engineer before being made.
- (e) If Horizon Power Pilbara Network does not issue a notice to the User under clause 16(c)(2)(C) regarding the determination that the modified Facilities and Equipment do not adversely impact the safety or security of the Network within 30 Business Days of receiving a notice from the User under clause 16(c)(2)(A), the User may (subject to its compliance with clause 16(c)(2)(B)) proceed to make the relevant modification.
- (f) Nothing in this clause 16 derogates from the User's responsibility to ensure, or procure that the Controller ensures, the Facilities and Equipment at all times comply with:
 - (1) the requirements of this Contract; and
 - (2) the Technical Requirements.

17 Cooperation

The User and Horizon Power Pilbara Network (each acting as a Reasonable and Prudent Person) must cooperate and coordinate with each other where reasonably necessary in relation to:

- (a) the planning, development, inspection, testing and commissioning of Facilities and Equipment for a Connection Point and Network Assets for the Network, including in respect of any obligations under the Technical Requirements; and
- (b) the development and implementation of Maintenance schedules for Facilities and Equipment for a Connection Point and Network Assets for the Network, including in respect of any obligations under the Technical Requirements.

18 Access to premises

18.1 Parties must allow reasonable rights of entry

Each Party (**Host Party**) must allow, or use its reasonable endeavours to procure for, the other Party (**Guest Party**) all reasonable rights of entry to the Host Party's premises:

- (a) for the purposes of constructing, installing, operating, maintaining and verifying the accuracy of any Metering Equipment or other equipment or thing;
- (b) to inspect the construction, installation, operation, maintenance and repair of any Metering Equipment or other equipment or thing;
- (c) where the Guest Party is Horizon Power Pilbara Network, for the purposes of:
 - (1) effecting a Disconnection that cannot reasonably be effected remotely; or
 - (2) exercising any of its rights of inspection under the Technical Requirements; and

- (d) for any other reasonable purpose connected with or arising out of this Contract.

18.2 Entry made at risk of Guest Party

Any entry under clause 18.1 is made in all respects at the expense and risk of the Guest Party, who must, subject to clauses 22.3 and 22.4, make good any damage occasioned by or resulting from the entry, other than to the extent the damage is caused by:

- (a) fair wear and tear;
- (b) the negligence or Default of the Host Party or any of its Workers or Visitors; or
- (c) a Force Majeure Event.

18.3 Guest Party obligations

Without limiting the Guest Party's obligations under the Technical Requirements regarding the notice of, and conduct of, inspections, a Guest Party must:

- (a) before exercising a right of entry under clause 18.1, give reasonable notice to the Host Party specifying the purpose, proposed time and estimated duration of entry, except where it is not practicable to do so due to any Emergency; and
- (b) while exercising a right of entry under clause 18.1:
 - (1) act as a Reasonable and Prudent Person;
 - (2) without limiting clause 18.3(b)(1), take steps that are reasonable in the circumstances to ensure that during the entry its Workers and Visitors cause as little inconvenience to the Host Party as possible, except to the extent that it is not practicable to do so due to any Emergency;
 - (3) at all times comply with:
 - (A) all reasonable health and safety standards, induction and supervision requirements and other requirements of the Host Party; and
 - (B) all reasonable and lawful directions by or on behalf of the Host Party; and
 - (4) ensure that its Workers and Visitors display identification to show they are a Worker or Visitor of the Guest Party.

18.4 Third person's premises

Without limiting the obligations imposed on the User under clause 15.2(c), to the extent that any equipment or thing relevant to the obligations or rights of a Party under this Contract is located on the premises of a third person, the Parties must use their reasonable endeavours to secure for either or both of the Parties a reasonable right of entry to the third person's premises.

19 Directions from System Operator

Horizon Power Pilbara Network and the User must each comply with any directions given by the System Operator pursuant to the Act and subsidiary instruments arising under the Act, including the Code and Pilbara Network Rules.

20 Removal of equipment

On the permanent disconnection of Facilities and Equipment at any Connection Point:

- (a) Horizon Power Pilbara Network may dismantle, decommission and remove Horizon Power Pilbara Network's Works and any Metering Equipment installed on the User's Premises; and
- (b) under Horizon Power Pilbara Network's reasonable instructions, the User must, at its own cost, dismantle and decommission or remove any of the User's Works at or connected to the Connection Point.

Common provisions

21 Representations and warranties

21.1 User's representations and warranties

- (a) The User represents and warrants to Horizon Power Pilbara Network that:
 - (1) the User has complied with the User Access Guide and the requirements in the Code in respect of its Application;
 - (2) the User's obligations under this Contract are valid and binding and are enforceable against the User under their terms;
 - (3) this Contract and any other transaction under it does not contravene the User's constituent documents or any Law or any of the User's obligations or undertakings by which the User or any of the User's assets are bound or cause to be exceeded any limitation on the User's or the User's directors' powers; and
 - (4) neither the User nor any of its Related Bodies Corporate have immunity from the jurisdiction of a court or from legal process (whether through service of notice, attachment prior to judgement, attachment in aid of execution, execution or otherwise).
- (b) For the purposes of the warranty in clause 21.1(a)(1), the User will be taken to have complied with the User Access Guide and the requirements in the Code in respect of its Application, where the only reason it has failed to be in compliance is a breach by Horizon Power Pilbara Network of the User Access Guide or the Code.
- (c) The representations and warranties in clause 21.1(a) are to be taken to be made on each day on which:
 - (1) this Contract is in effect; and
 - (2) any amount payable by the User to Horizon Power Pilbara Network under this Contract is or may be outstanding.

21.2 Horizon Power Pilbara Network's representations and warranties

- (a) Horizon Power Pilbara Network represents and warrants to the User that:

- (1) Horizon Power Pilbara Network has complied with the User Access Guide and the requirements in the Code in respect of the User's Application;
 - (2) Horizon Power Pilbara Network's obligations under this Contract are valid and binding and are enforceable against Horizon Power Pilbara Network under their terms;
 - (3) this Contract and any other transaction under it does not contravene Horizon Power Pilbara Network's constituent documents or any Law or any of Horizon Power Pilbara Network's obligations or undertakings by which Horizon Power Pilbara Network or any of Horizon Power Pilbara Network's assets are bound or cause to be exceeded any limitation on Horizon Power Pilbara Network's or Horizon Power Pilbara Network's directors' powers; and
 - (4) Horizon Power Pilbara Network does not have immunity from the jurisdiction of a court or from legal process (whether through service of notice, attachment prior to judgement, attachment in aid of execution, execution or otherwise).
- (b) For the purposes of the warranty in clause 21.2(a)(1), Horizon Power Pilbara Network will be taken to have complied with the User Access Guide and the requirements in the Code in respect of the User's Application, where the only reason it has failed to be in compliance is a breach by the User of the User Access Guide or the Code.
- (c) The representations and warranties in clause 21.2(a) are to be taken to be made on each day on which:
- (1) this Contract is in effect; and
 - (2) any amount payable by Horizon Power Pilbara Network to the User under this Contract is or may be outstanding.

21.3 No other warranty given by Horizon Power Pilbara Network

- (a) To the maximum extent permitted by Law:
- (1) the only warranties given by and terms which apply to Horizon Power Pilbara Network under this Contract are those expressly contained in this Contract; and
 - (2) all warranties and terms implied by Law (including those implied by the *Competition and Consumer Act 2010* (Cth), the *Fair Trading Act 2010* (WA), and any other Law to similar effect) do not apply to this Contract.
- (b) If at Law the exclusion of any warranty or term is prohibited, then Horizon Power Pilbara Network's liability in respect of a breach of such warranty or term is limited to the maximum extent permitted by Law. For example, where any Law permits Horizon Power Pilbara Network to limit its liability in respect of a breach of an implied warranty or condition to the replacement or resupply of equivalent goods and services, then Horizon Power Pilbara Network's liability will be so limited.
- (c) Nothing in this Contract is intended to exclude, restrict or modify rights which the User may have under the *Competition and Consumer Act 2010* (Cth) or any other Law which may not be excluded, restricted or modified by agreement.

22 Indemnity and limit on liability

22.1 Indemnity

- (a) Subject to clause 22.1(b), each Party (**Indemnifying Party**) indemnifies the other Party (**Indemnified Party**) from and against any Claim or Loss, however caused (including negligence), brought against, suffered or incurred by the Indemnified Party, arising out of, or in connection with:
- (1) any negligent, fraudulent or unlawful act or omission of the Indemnifying Party; or
 - (2) a Default of the Indemnifying Party.
- (b) The Indemnifying Party's liability to indemnify the Indemnified Party under clause 22.1(a) will be proportionately reduced to the extent the Claim or Loss was caused by the negligence or fraud of the Indemnified Party.

22.2 Enforcement of indemnities

Neither Party need incur any cost or make any payment before enforcing any right of indemnity under this Contract, including the indemnity in clause 22.1.

22.3 Exclusion of Indirect Damage

- (a) To the extent permitted by Law, but subject to clause 22.3(b), each Party will have no liability to the other Party for any Claims for Indirect Damage (however arising, including negligence), arising under or in connection with this Contract.
- (b) A Party's liability for Indirect Damage in respect of the following is not excluded by clause 22.3(a):
- (1) in respect of the User:
 - (A) payment of the Charges (or any other liability described in clauses 9 or 10) to Horizon Power Pilbara Network in consideration for provision of the Services;
 - (B) the failure to ensure that, where applicable, its contract with a Controller contains the covenant referred to in clause 8.1(c)(4);
 - (C) liability under an indemnity in clauses 11.1(d) or 15.2(d); or
 - (D) liability, to the extent that the User recovers insurance proceeds in respect of the liability from any of the insurances required to be maintained under clause 23, or would have recovered insurance proceeds if it had complied with this Contract and taken all reasonable steps to do so;
 - (2) in respect of Horizon Power Pilbara Network:
 - (A) liability under clause 4.6(g); or
 - (B) any liability described in clauses 9 or 10; or
 - (3) in respect of either Party:
 - (A) injury to, or illness or death of, any person;
 - (B) damage to, or loss or destruction of, any third party property; or

- (C) fraud of the Party in respect of its obligations to the other Party under this Contract.

22.4 Limitation of liability

- (a) To the extent permitted by Law, despite any other provision of this Contract but subject to clause 22.4(b):
- (1) the User's liability to Horizon Power Pilbara Network for all Loss and Claims arising out of or in connection with this Contract (howsoever arising, including negligence) for each Contract Year is limited to the User Maximum Liability Amount; and
 - (2) Horizon Power Pilbara Network's liability to the User for all Loss and Claims arising out of or in connection with this Contract (howsoever arising, including negligence) for each Contract Year is limited to the Horizon Power Pilbara Network Maximum Liability Amount.
- (b) A Party's liability in respect of the following is not limited by clause 22.4(a), and is not counted towards the limit under clause 22.4(a):
- (1) in respect of the User:
 - (A) payment of the Charges (or any other liability described in clauses 9 or 10) to Horizon Power Pilbara Network in consideration for provision of the Services;
 - (B) fraud or wilful misconduct of the User;
 - (C) injury to, or illness or death of, any person; or
 - (D) liability, to the extent that the User recovers insurance proceeds in respect of the liability from any of the insurances required to be maintained under clause 23, or would have recovered insurance proceeds if it had complied with this Contract and taken all reasonable steps to do so; and
 - (2) in respect of Horizon Power Pilbara Network:
 - (A) any liability described in clauses 9 or 10;
 - (B) fraud or wilful misconduct of Horizon Power Pilbara Network; or
 - (C) injury to, or illness or death of, any person.
- (c) The Horizon Power Pilbara Network Maximum Liability Amount and User Maximum Liability Amount will be CPI-adjusted on the third anniversary of the Execution Date, and every 3 years thereafter, provided that for the purposes of such adjustment, the following formula will be used:

$$N = C \times \left(1 + \frac{CPI_n - CPI_c}{CPI_c} \right)$$

where:

N is the new liability cap amount being calculated;

C is the current liability cap amount being adjusted;

CPI_n is the CPI applicable at the end of the quarter (quarter _n) most recently ended prior to the adjustment date; and

CPI_c is the value of CPI applicable for the quarter occurring 36 months before the quarter referred to in the definition of CPI_n .

22.5 Application of caps and exclusions

- (a) When determining the insurance proceeds that would have been recovered for the purposes of clauses 22.3(b)(1)(D) and 22.4(b)(1)(D), the exclusions and limits of liabilities under clauses 22.3 and 22.4 will not be taken into account.
- (b) Liability to which a limit under clause 22.4 applies is counted towards the limit when discharged by the liable Party.

22.6 Defence of indemnified claims

If a third party Claim is made or instituted against a Party (**Indemnified Party**) in respect of which the Indemnified Party may seek to claim indemnity under this Contract against the other Party (**Indemnifying Party**), the following procedure applies:

- (a) the Indemnified Party must give notice of the Claim to the Indemnifying Party as soon as reasonably practicable;
- (b) the Indemnified Party must not admit, compromise, settle or pay any Claim or take any other steps which may in any way prejudice the defence or challenge of the Claim without the prior written consent of the Indemnifying Party (which must not be unreasonably withheld) except as may be reasonably required in order to defend any judgement against the Indemnified Party (to avoid doubt, Part 1E of the *Civil Liability Act 2002* (WA) applies in respect of any 'apology' (as defined in Section 5AF of that Act) given by the Indemnified Party);
- (c) the Indemnified Party must permit the Indemnifying Party to take, at the Indemnifying Party's expense, any reasonable action in the name of the Indemnified Party to defend or otherwise settle the claim as the Indemnifying Party may reasonably require; and
- (d) the Indemnified Party must ensure that the Indemnifying Party and its representatives are given reasonable access to any of the documents and records (other than documents and records subject to legal professional privilege), staff, premises and advisers of the Indemnified Party as may be reasonably required by the Indemnifying Party in relation to any action taken or proposed to be taken by the Indemnifying Party under clause 22.6(c).

22.7 Mitigation of losses

A Party must take such action as is reasonably required to mitigate any loss or damage to it for which indemnity may be claimed under this Contract or otherwise.

23 Insurances

23.1 Insurances

- (a) Subject to clause 23.1(b), the User must obtain and maintain insurance, commencing from the Commencement Date, covering those matters, on the terms and basis, and for the amounts, referred to in Schedule 5.
- (b) For each Connection Point, prior to the Start Date of a Service at the Connection Point, and at such other times as Horizon Power Pilbara Network may

reasonably request in writing (such request not to be made more than once in respect of a 12 month period unless extraordinary circumstances apply), the User must provide Horizon Power Pilbara Network with certificates of currency for the insurances required under clause 23.1(a).

23.2 Notice of cancellation

The User must notify Horizon Power Pilbara Network immediately on being advised by its insurer of cancellation or non-renewal of any of the insurance policies in Schedule 5, and immediately use all reasonable endeavours to reobtain the insurance policies in Schedule 5. Any cancellation or non-renewal of any of the insurance policies will constitute a Default.

23.3 Further obligation

The User must not do any act or make any omission that would be grounds for an insurer to refuse to pay a claim under any of the policies of insurance.

24 Force Majeure

24.1 Affected Person's obligations are suspended

If a Party (**Affected Person**) is unable, wholly or in part, to perform any obligation (**Affected Obligation**) under this Contract (other than an obligation to pay money) because of the occurrence of a Force Majeure Event, then, subject to this clause 24, the Affected Person's obligation to perform the Affected Obligation is suspended to the extent that, and for so long as, the Affected Person's ability to perform the Affected Obligation is affected by the Force Majeure Event (such period being the **FM Period**).

24.2 When Services are Curtailed

Without limiting clause 24.1, Horizon Power Pilbara Network's obligation in respect of a Connection Point to provide the Services is suspended during any period that the provision of the Services in respect of that Connection Point is Curtailed under clause 25.1 to the extent of the Curtailment.

24.3 Affected Person's obligations

- (a) Subject to clause 24.5, if a Force Majeure Event occurs and the Affected Person is unable wholly or in part to perform any obligation under this Contract, then the Affected Person must:
- (1) notify the other Party if the FM Period continues for a period of 2 days or longer; and
 - (2) use reasonable endeavours (including rescheduling personnel and resources) to:
 - (A) mitigate the consequences of the Force Majeure Event; and
 - (B) minimise any resulting delay in the performance of the Affected Obligation.

- (b) A notice under clause 24.3(a) must be given as soon as reasonably practicable, and must include details of the event or circumstance constituting the Force Majeure Event.
- (c) The Affected Person must notify the other Party as soon as reasonably practicable after it is no longer affected by the Force Majeure Event, and the notice must:
 - (1) include the actual period of the Force Majeure Event, stating the start date and end dates; and
 - (2) detail the effect that the Force Majeure Event had on the Affected Person's ability to perform its obligations under this Contract.

24.4 Failure to minimise delays

If an Affected Person fails to comply with clause 24.3(a)(2)(B) then the only consequence of that failure is that the FM Period is reduced by the period of any delay in the performance of the Affected Obligation attributable to that failure.

24.5 Settlement of a labour dispute

The settlement of a labour dispute which constitutes a Force Majeure Event is a matter which is within the absolute discretion of the Affected Person.

24.6 Termination for extended Force Majeure Event

If a Force Majeure Event occurs which prevents (or will prevent) the Affected Person from performing some or all of its obligations under this Contract in respect of any Connection Point for a continuous period of at least 6 months, then either Party may, unless the Force Majeure Event has ceased to have that effect, terminate either:

- (a) the provision of the Services in respect of that Connection Point; or
- (b) this Contract,

by written notice to the other Party, and the obligation to provide the Services or this Contract (as applicable) will terminate on the date specified in the notice.

24.7 No extension of Term

The suspension of obligations under clause 24.1 does not extend the Term.

25 Curtailment and Constraint Directions

25.1 Horizon Power Pilbara Network may Curtail Services

In addition to any other rights Horizon Power Pilbara Network may have to Curtail Services under this Contract, Horizon Power Pilbara Network may Curtail the provision of Services in respect of a Connection Point:

- (a) to carry out planned Augmentation or Maintenance to the Network;
- (b) to carry out unplanned Maintenance to the Network where Horizon Power Pilbara Network considers it necessary to do so to avoid injury to any person or material damage to any property or the environment;

- (c) if there is any breakdown of or damage to the Network that Horizon Power Pilbara Network considers (in its absolute discretion) affects or is likely to affect Horizon Power Pilbara Network's ability to provide Services at that Connection Point;
- (d) if Horizon Power Pilbara Network considers (in its absolute discretion) the Curtailment is required to maintain safety, to avoid injury to any person or damage to any property or the environment;
- (e) if required as a result of, or in connection with, a Force Majeure Event;
- (f) if the rate at which electricity is transferred into, or out of, the Network by or on behalf of the User exceeds the:
 - (1) Contracted Capacity applicable for the Service at that Connection Point; or
 - (2) limits specified in a Constraint Direction the subject of clause 25.3;
- (g) in circumstances where Horizon Power Pilbara Network is entitled to Curtail the Services or Disconnect a User at Law (including under the Technical Rules) or under the Horizon Power Technical Rules; or
- (h) to the extent Horizon Power Pilbara Network considers it necessary for Horizon Power Pilbara Network to comply with:
 - (1) any Law (including the Technical Rules);
 - (2) the Horizon Power Technical Rules; or
 - (3) any lawful directions given by the System Operator, the minister responsible for administering the Act, the minister responsible for administering the *Electricity Corporations Act 2005 (WA)*, the Coordinator of Energy, or the Director of Energy Safety.

25.2 Extent of Curtailment and suspension of Horizon Power Pilbara Network's obligations

- (a) Horizon Power Pilbara Network must keep the extent and duration of any Curtailment under clause 25.1 to the minimum reasonably required in accordance with Good Electricity Industry Practice.
- (b) For the duration of any Curtailment, Horizon Power Pilbara Network's obligations to provide the Services are suspended.

25.3 System Operator Constraint Directions

- (a) Without limiting anything else in this Contract, the Parties acknowledge and agree that from time to time a Controller (including the User in its capacity as a Controller) may receive a Constraint Direction from the System Operator, pursuant to which the Controller must ensure the electricity transferred into, or out of, the Network by or on behalf of the User does not exceed the limits specified in the Constraint Direction.
- (b) The User must comply, and (where the User is not the Controller) must procure that the relevant Controller complies, with any Constraint Direction received from the System Operator.
- (c) The User acknowledges and agrees that a Constraint Direction (or a Constraint Rule or Limit Advice which has resulted in the need for a Constraint Direction) may take into account any event that occurs anywhere in the Power System before or after the Execution Date, including:

- (1) an Access Contract being entered into;
 - (2) a change in generation or load;
 - (3) the addition, modification, re-rating, disconnection or removal of a facility or network element;
 - (4) a Network Service Provider (including, for the avoidance of doubt, Horizon Power Pilbara Network) giving the System Operator new or revised Limit Advice; and
 - (5) the System Operator adopting a new or revised Constraint Rule.
- (d) Receipt by a Controller (including the User in its capacity as a Controller) of any Constraint Direction from the System Operator as contemplated by clause 25.3(a) has no effect on the Contracted Capacity provided to the User under this Contract, or the associated Charges under clause 9.
- (e) The User acknowledges and agrees that Horizon Power Pilbara Network may, from time to time:
- (1) give the System Operator a Limit Advice, and maintain and consult with the System Operator in connection with a Limit Advice; or
 - (2) consult and agree with the System Operator on the form and content of a Constraint Rule,

which advice or rule may result in the issuance by the System Operator of a Constraint Direction to a Controller (including the User in its capacity as a Controller).

- (f) In:
- (1) giving the System Operator a Limit Advice (or maintaining and consulting with the System Operator in connection with a Limit Advice); or
 - (2) consulting with the System Operator on the form and content of a Constraint Rule,

in each case as contemplated by clause 25.3(e), Horizon Power Pilbara Network must:

- (3) give due consideration to whether or not the User has the benefit of a Legacy Right, and where the User has the benefit of a Legacy Right:
 - (A) use reasonable endeavours to ensure that the User obtains as part of its Access Rights, priority rights of access to network capacity; and
 - (B) ensure that the Limit Advice it gives to the System Operator provides for the User to have priority rights of access to network capacity,

in each case, to the extent described in rule 250(1), but at all times subject to rule 254, of the Pilbara Network Rules; and

- (C) ensure that, in consulting with the System Operator on the form and content of a Constraint Rule, the priority rights of access detailed in the Limit Advice are communicated to the System Operator;
- (4) give due consideration to whether or not the User has contributed funding (by way of capital contribution, underwriting, increased tariffs, risk allocation or otherwise) to Constraint Works; and

- (5) where the User has contributed funding as contemplated by clause 25.3(f)(4), and to the extent those Constraint Works have resulted in additional network capacity:
- (A) use reasonable endeavours to ensure that the User obtains as part of its Access Rights, priority rights of access to that additional network capacity; and
 - (B) ensure that the Limit Advice it gives to the System Operator provides for the User to have priority rights of access to that additional network capacity,
- in each case, as reasonably determined by Horizon Power Pilbara Network, having regard to the nature and scale of the User's contribution; and
- (C) ensure that, in consulting with the System Operator on the form and content of a Constraint Rule, the priority rights of access detailed in the Limit Advice are communicated to the System Operator.
- (g) Provided it has complied with its obligations in clause 25.3(f), Horizon Power Pilbara Network has no liability to the User or a Controller, under this Contract or otherwise, in respect of Constraint Directions issued by the System Operator (including where a Constraint Direction arises in the circumstances contemplated by clause 25.3(e)).
- (h) The issuance of a Constraint Direction by the System Operator (and the actions taken by either or both of the User and Horizon Power Pilbara Network to ensure the Constraint Direction is complied with) does not in any way limit the User's obligation (where applicable) to remain in balance in accordance with the Pilbara Network Rules.

25.4 Notification of Curtailment

Except for where:

- (a) Horizon Power Pilbara Network uses a Constraint Solution implemented in accordance with clause 4.1(d) to automatically Curtail the provision of Services; or
- (b) the System Operator has issued a Constraint Direction as contemplated by clause 25.3(a) and Horizon Power Pilbara Network Curtails the provision of the Services under clause 25.1(f)(2),

Horizon Power Pilbara Network must use reasonable endeavours to notify the User of any Curtailment under clause 25.1 as soon as practicable.

25.5 User must comply with Curtailment

If Horizon Power Pilbara Network notifies the User of a Curtailment of Services under clause 25.4 in respect of a Connection Point, the User (acting as a Reasonable and Prudent Person) must comply, or procure compliance, with any reasonable requirements set out in the notice concerning the Curtailment.

25.6 No liability for Curtailment

Horizon Power Pilbara Network is not liable for any Claim or Loss suffered or incurred by the User, or any other person, as a result of or arising out of or in connection with a

Curtailment effected pursuant to this clause 25, or otherwise in accordance with this Contract.

25.7 Disconnection for emergency

- (a) If Horizon Power Pilbara Network, acting reasonably, forms the opinion that the operation of the Facilities and Equipment, a Customer's Embedded Generating Unit (if any), or any part of either of them, pose a threat to the integrity of the Network (including a threat to power system security) or may lead to damage to the Network, Network Assets or Other Network Users, Horizon Power Pilbara Network may immediately Disconnect the Network Assets.
- (b) Horizon Power Pilbara Network must notify the User of any Disconnection it effects under clause 25.7(a) (**Emergency Disconnection**) as soon as reasonably practicable after taking that action.
- (c) To the extent that a Disconnection under clause 25.7(a) was as a result of the User's action or inaction, whether or not a breach of its obligations under this Contract (including a breach of the Technical Requirements), Horizon Power Pilbara Network may direct the User to take specific reasonable steps to avoid the recurrence of the threat or the potential damage to the Network, Network Assets or Other Network Users.
- (d) If the User is directed by Horizon Power Pilbara Network pursuant to clause 25.7(c), the User must comply, or procure compliance by the Controller (as applicable), with that direction at the User's expense.

25.8 Disconnection for User's breach of Technical Requirements

- (a) Horizon Power Pilbara Network may Disconnect the Network Assets if, in Horizon Power Pilbara Network's reasonable opinion:
 - (1) the User or any Controller (or both, as applicable), has breached, or is likely to breach, the Technical Requirements; and
 - (2) that breach, or likely breach, is likely to have a material adverse effect on the Network, Network Assets or Other Network Users.
- (b) Without limiting its rights under clause 25.7, Horizon Power Pilbara Network must notify the User of:
 - (1) any breach (or likely breach) of the Technical Requirements by the User or any Controller (or both, as applicable), which Horizon Power Pilbara Network is aware of; and
 - (2) any proposed Disconnection under clause 25.8(a),
which notice must include, to the extent practicable:
 - (3) sufficient detail to enable the User to identify the breach, or likely breach (as applicable) of the Technical Requirements, and to remedy the breach, or prevent the likely breach (as applicable), before the proposed Disconnection; and
 - (4) the date and time of any proposed Disconnection.
- (c) If the User is notified of a proposed Disconnection under clause 25.8(b), the User must:
 - (1) remedy the breach (or prevent the likely breach, as applicable) within the stipulated period; and

- (2) continue to pay the Charges payable under clause 10, despite the breach or (if the breach is not remedied within the stipulated period) Disconnection (or both, as applicable).

26 Payments and recoveries under the Contributions Policy

The Parties must comply with the provisions set out in Schedule 4 regarding any Contributions.

27 Default

27.1 Default

A Party is in **Default** if:

- (a) that Party defaults in the due and punctual payment, at the time and in the manner required for payment by this Contract, of any amount payable under this Contract;
- (b) that Party defaults in the due and punctual performance or observance of any of its obligations contained in this Contract;
- (c) an Insolvency Event occurs in respect of that Party; or
- (d) that Party materially breaches any representation or warranty given to the other Party under this Contract.

27.2 Default by User

- (a) In the event of the User's Default, Horizon Power Pilbara Network may notify the User of the User's Default, which notice must:
 - (1) state that the notice is a notice of Default; and
 - (2) require the User to remedy the User's Default.
- (b) If the User's Default is a payment Default under clause 27.1(a), the User must remedy that Default within 3 Business Days after receiving a notice under clause 27.2(a).
- (c) If the User's Default is a Default other than a payment Default under clause 27.1(a), the User must, within 5 Business Days after receiving a notice under clause 27.2(a), either:
 - (1) remedy that Default; or
 - (2) have commenced remedying that Default, and be diligently proceeding with that remedy (in each case to Horizon Power Pilbara Network's reasonable satisfaction).
- (d) If the User:
 - (1) fails to remedy a Default; or
 - (2) where applicable, fails to have commenced remedying a Default, and be diligently proceeding with that remedy (in each case, to Horizon Power Pilbara Network's reasonable satisfaction),

within the time required by clauses 27.2(b) or 27.2(c) (as applicable), without limiting its right under clause 27.2(e), Horizon Power Pilbara Network may De-energise, or Curtail the provision of Services in respect of, all or any of the User's Connection Points while the User's Default is continuing.

- (e) Notwithstanding anything else in this clause 27.2, if the User's Default has not been remedied by the User within 20 Business Days after receiving a notice under clause 27.2(a), Horizon Power Pilbara Network may terminate this Contract by written notice, with immediate effect.

27.3 Default by Horizon Power Pilbara Network

- (a) In the event of Horizon Power Pilbara Network's Default, the User may notify Horizon Power Pilbara Network of Horizon Power Pilbara Network's Default, which notice must:
- (1) state that the notice is a notice of Default; and
 - (2) require Horizon Power Pilbara Network to remedy the Default.
- (b) Horizon Power Pilbara Network must remedy a Default the subject of a notice under clause 27.3(a) within 20 Business Days after receiving such notice.
- (c) If Horizon Power Pilbara Network fails to remedy a Default within the time required by clause 27.3(b), the User may:
- (1) terminate this Contract by written notice, with immediate effect; or
 - (2) withhold payment of the Charges from the date of Horizon Power Pilbara Network's Default, for so long as the Default continues unremedied (and no interest is payable by the User on any amounts so withheld provided they are paid in full within 10 Business Days after the Default is remedied).

27.4 Party's rights not affected

Nothing in this clause 27 in any way prejudices the rights or remedies accrued by a Party, whether under this Contract or at Law, as at the date of a Default (including a right to general damages for breach of contract).

28 Termination

28.1 Termination

- (a) Subject to clause 28.1(b), this Contract terminates on the Termination Date.
- (b) This Contract may be terminated before the Termination Date:
- (1) by written agreement between the Parties;
 - (2) by notice by either Party to the other Party if, at any time, this Contract does not include at least one Connection Point;
 - (3) under clauses 27.2(e) or 27.3(c)(1) in respect of unremedied Default of a Party;
 - (4) under clause 31(b) in respect of a Change in Control of the User without the consent of Horizon Power Pilbara Network; or

- (5) under clause 24.6 in respect of an extended Force Majeure Event.
- (c) On termination of this Contract Horizon Power Pilbara Network may disconnect (either permanently under clause 20, or otherwise) any Connection Point under this Contract.
- (d) On termination of this Contract, unless otherwise agreed by the Parties:
 - (1) the User must pay any unpaid amount owed to Horizon Power Pilbara Network pursuant to this Contract; and
 - (2) Horizon Power Pilbara Network must pay any unpaid amount owed to the User pursuant to this Contract.

28.2 Rights of Parties not affected

Termination of this Contract does not prejudice:

- (a) the rights and obligations of the Parties arising under this Contract prior to the date of termination, or arising out of matters or circumstances occurring prior to that date; and
- (b) except as otherwise provided in this Contract, any rights or remedies which may be available to a non-defaulting Party under this Contract or at Law.

29 Disputes

29.1 Procedure

- (a) Any Dispute between the Parties must be resolved in accordance with this clause 29.
- (b) For the avoidance of doubt:
 - (1) a Dispute does not include an Access Dispute or Price List Dispute;
 - (2) any Access Dispute or Price List Dispute must be referred to the Arbitrator and resolved in accordance with Chapter 7 of the Code; and
 - (3) this clause 29 does not apply to any Access Dispute or Price List Dispute.
- (c) The Parties must continue to perform their obligations under this Contract despite the existence of any Dispute.

29.2 Party may give notice of Dispute and require Representatives' Meeting

- (a) If a Dispute arises between the Parties, either Party may give to the other Party written notice setting out the material particulars of the Dispute.
- (b) Within 10 Business Days of the date of receipt of a notice under clause 29.2(a) (**Receipt Date**), duly authorised representatives of each Party must meet, at a place agreed between the Parties, and attempt in good faith, by way of discussions and using their best endeavours, to resolve the Dispute (**Representatives' Meeting**).

29.3 Party may require CEO Meeting

If the Dispute is not resolved (as evidenced by the terms of a written settlement signed by each Party's duly authorised representative) within 20 Business Days after the Receipt Date, then either Party may, by written notice, require that the senior executive officer of each Party:

- (a) meet, at a place agreed between the Parties, within 30 Business Days after the Receipt Date; and
- (b) attempt in good faith, by way of discussions and using their best endeavours, to resolve the Dispute, within 35 Business Days after the Receipt Date,

(CEO Meeting).

29.4 Method of meetings

- (a) A Representatives' Meeting or CEO Meeting may be conducted in person, by telephone, video conference or similar method of real time communication.
- (b) If the Parties are unable to agree on a meeting place under clauses 29.2(b) or 29.3(a) in the allocated time frame, the meeting will take place at a place determined by Horizon Power Pilbara Network (acting as a Reasonable and Prudent Person).

29.5 Party may commence court proceedings

- (a) If a Dispute is not wholly resolved within 35 Business Days after the Receipt Date, then either Party may commence proceedings in a court of competent jurisdiction to have the Dispute determined.
- (b) Subject to clause 29.7, a Party must not commence legal proceedings in relation to a Dispute unless the Dispute has been referred to the Representatives' Meeting and CEO Meeting under clauses 29.1 and 29.3 (respectively), and the Party commencing proceedings has complied with the procedure for resolving the Dispute under clauses 29.1 and 29.3 (to the extent possible).

29.6 Expert determination

- (a) **(Application):** Where in this Contract, any matter or point of difference is to be referred to an Expert, this clause 29.6 will apply.
- (b) **(Appointment):** The procedure for the appointment of an Expert will be as follows:
 - (1) Within 5 Business Days after the referral of a matter to an Expert, the Parties will meet in an endeavour to agree upon a single person to act as the Expert.
 - (2) If the Parties are unable to agree upon a person to act as the Expert within 5 Business Days after the meeting referred to in clause 29.6(b)(1), the Parties will, having regard to the nature of the matters to be determined, request an appropriate industry or technical body to nominate the person to act as the Expert (**Nominating Body**). Unless agreed otherwise, the Nominating Body will be the Resolution Institute (ACN 008 651 232).
 - (3) The request to the Nominating Body under clause 29.6(b)(2) will state:

- (A) the nature of the matter to be determined (or the point of difference); and
 - (B) that the person to be appointed to act as the Expert must have qualifications and experience that are relevant and suitable to assist in determining the matter or point of difference, and must be independent of the Parties.
- (4) Upon receiving the nomination from the Nominating Body, the Parties must (provided the nominee meets the requirements stated in the request to the Nominating Body) jointly appoint the person so nominated to act as the Expert.
- (c) **(Qualification)**: The Parties agree that notwithstanding the procedure in clause 29.6(b), no person will be appointed to act as the Expert unless he or she is independent of the Parties and qualified by education, experience and training to determine the matter or point of difference.
- (d) **(Disclosure of interest)**: The Parties, and any person to be appointed to act as an Expert, will be required to fully disclose any interest the proposed Expert has in a matter or point of difference, or duty owed to a Party by the proposed Expert, prior to that person's appointment. If that person has or may have any interest or duty which conflicts with their proposed appointment as Expert, that person may not be appointed.
- (e) **(Powers and duties)**: The Expert will determine the procedures for the conduct of the Dispute, subject to the requirements of procedural fairness and this Contract. The Expert will have the power to:
- (1) inform himself or herself independently as to the facts and (if necessary) technical matters to which the Dispute relates;
 - (2) receive written submissions and sworn and unsworn written statements and to photocopy documents and to act upon the same;
 - (3) consult with such other professionally qualified persons as he or she, in his or her absolute discretion thinks fit; and
 - (4) take such measures as he or she thinks fit to expedite the completion of the Dispute.
- (f) **(Expert not arbitrator)**: The Expert will act as an independent expert and not as an arbitrator or mediator. The provisions of the *Commercial Arbitration Act 2012 (WA)* will not apply to the Expert, his or her determination, or the determination procedure.
- (g) **(Determination final and binding)**: The Expert's determination will be final and binding on the Parties except in the case of manifest error or fraud.
- (h) **(Expert to provide written reasons)**: The Expert's determination will be made in writing with reasons as soon as practicable after the date that the Expert is appointed.
- (i) **(Costs)**: The costs in relation to a determination by the Expert will be dealt with as follows:
- (1) the Parties will each bear their own costs incurred in the preparation and presentation of any submissions or evidence to the Expert (including costs incurred in respect of counsel, witnesses, and employees retained by a Party); and
 - (2) the costs of the Expert will be borne equally by the Parties, unless the Expert determines a different allocation of costs due to the fact that

either Party has acted unreasonably in relation to the matter to be determined or point of difference.

29.7 Proceedings for urgent relief

Nothing in this clause 29 prevents proceedings being commenced for urgent injunctive or declaratory relief in respect of a Dispute.

30 Assignment by User

The User may only Assign its Access Rights:

- (a) with the prior written consent of Horizon Power Pilbara Network (such consent not to be unreasonably withheld or delayed); and
- (b) on the same terms and conditions as set out in this Contract, including any exemptions to the Technical Requirements associated with those Access Rights set out in Part 3 of Schedule 3.

31 Change in Control of User

- (a) Any Change in Control of the User requires the prior written consent of Horizon Power Pilbara Network (such consent not to be unreasonably withheld or delayed).
- (b) If the User fails to obtain consent under clause 31(a) to a Change in Control, Horizon Power Pilbara Network may terminate this Contract by written notice with immediate effect.
- (c) The Parties acknowledge and agree that it would be unreasonable for Horizon Power Pilbara Network to withhold consent to a Change in Control where the holding company of the User following the Change in Control has:
 - (1) a long term credit rating which is not less than that of the holding company of the User immediately prior to such Change in Control; and
 - (2) sufficient technical resources to ensure the User is capable of performing its obligations under this Contract.

32 Electricity Industry Change

- (a) If:
 - (1) at any time during the Term an Electricity Industry Change is proposed by the Western Australian government or a Governmental Agency (excluding any Party to this Contract who is a Governmental Agency) (**Proposal**); and
 - (2) as a result of the Proposal, in the opinion of either Party (acting reasonably), it will no longer be possible for a Party to continue performing any term of this Contract in full or the allocation of risk

agreed by the Parties under this Contract will materially change due to the Proposal,

then either Party may give the other notice, containing particulars of the Proposal and requiring the other Party to discuss the means by which this Contract might be varied, if the Proposal becomes effective, to continue to give effect to the intent, and agreed risk allocation, of this Contract (**Discussions Notice**).

- (b) Within 20 Business Days of the date of a Discussions Notice, the Parties must meet and negotiate in good faith (but having regard to their own commercial interests) with a view to determining a means of varying the provisions of this Contract in order that the intention and agreed risk allocation of this Contract (construed as a whole) may be preserved.
- (c) If the Parties are unable to agree the variations to this Contract contemplated in clause 32(b) within 120 Business Days of the Discussions Notice, then either Party may refer the matter to an Expert to determine the minimum necessary amendments to this Contract to enable this Contract to continue to give effect to the intention of the Parties, and agreed risk allocation of this Contract, if the Proposal becomes effective.
- (d) Subject to clause 32(e), any amendments agreed between the Parties pursuant to clause 32(b) or determined by an Expert will not take effect unless and until the Proposal becomes effective.
- (e) If at any time after the issue of a Discussions Notice in respect of a Proposal (and before the Electricity Industry Change becomes effective) the particulars of a Proposal are altered in such a way as to materially change the impact of the Electricity Industry Change that is the subject of the Proposal on the ability of either Party to perform its obligations under this Contract, then unless agreed otherwise by the Parties:
 - (1) that Discussions Notice, and any amendments agreed between the Parties pursuant to clause 32(b) or determined by an Expert in response to that Discussions Notice will be of no effect; and
 - (2) either Party may give a new Discussions Notice in relation to that Proposal or any other Proposal in existence.
- (f) Nothing in this Contract is intended to prevent either of the User or Horizon Power Pilbara Network from exercising any rights it may have at Law pertaining to third party access regulation with respect to the coverage and economic regulation of the Network.

33 Corporate restructuring of Horizon Power Pilbara Network

33.1 If Horizon Power Pilbara Network is restructured

If Horizon Power Pilbara Network is restructured under government policy:

- (a) by Law; or
- (b) through other means, including the:
 - (1) use of subsidiary or associated companies; or
 - (2) transfer of assets, rights and liabilities,

then the rights and obligations of Horizon Power Pilbara Network under this Contract are assigned to and assumed by the appropriate legal entity pursuant to the restructure.

33.2 User's consent not required

A restructure, transfer or assignment under clause 33.1 does not require the User's approval or consent.

34 Confidentiality

34.1 Confidential information

This Contract, and information exchanged between the Parties under this Contract or during the negotiations preceding this Contract is confidential to them if:

- (a) the information disclosed contains a notification by the disclosing Party that the information is confidential;
- (b) the circumstances in which the information was disclosed or the nature of the information disclosed may reasonably be considered as being confidential;
- (c) the information constitutes trade secrets;
- (d) the information has a commercial value to a Party which would be destroyed or diminished by the publication of the information;
- (e) the information relates to the business, professional, commercial or financial affairs of a Party and the value to the Party would be destroyed or diminished by the publication of the information; or
- (f) the information is about or relating to a Controller.

34.2 When information is not confidential

Clause 34.1 does not apply to information which, without breach of this Contract or other breach of confidence:

- (a) is or becomes generally and publicly available;
- (b) is lawfully obtained by a Party from a person other than a Party or a Related Body Corporate of a Party; or
- (c) is, at the date of this Contract, lawfully in the Possession of the recipient of the Confidential Information through sources other than the Party which supplied the information.

34.3 Prohibited disclosure

Subject to clause 34.4, an Information Recipient must not disclose or allow to be disclosed any Confidential Information to a Third Party Recipient.

34.4 Permitted disclosure

- (a) An Information Recipient may disclose or allow to be disclosed any Confidential Information to a Third Party Recipient in the following circumstances:

- (1) with written consent of the Information Provider;
 - (2) to employees, legal advisers, auditors or other consultants or Related Bodies Corporate of the Party requiring information for the purposes of this Contract or for the purposes of providing professional advice in relation to this Contract;
 - (3) to a bona fide proposed assignee of a Party to this Contract or registered shareholder of 20 percent or more of the voting shares in a Party;
 - (4) to other interested parties in the circumstances described in clause 34.6;
 - (5) to the Authority, Arbitrator or, for the purposes of any review of the Code, the minister responsible for administering the Act and that minister's delegates;
 - (6) if required by Law or by an authority (including the System Operator) which has jurisdiction over a Party or any of its Related Bodies Corporate;
 - (7) if required by the rules of a stock exchange which has jurisdiction over a Party or any of its Related Bodies Corporate; or
 - (8) if required:
 - (A) for the purposes of prosecuting or defending a Dispute;
 - (B) in connection with legal proceedings related to this Contract; or
 - (C) for the purposes of an Access Dispute under the Code.
- (b) The User may disclose or allow to be disclosed a copy of this Contract to a Controller with whom the User will enter, or has entered into, a contract as required by clause 8.
- (c) Horizon Power Pilbara Network may disclose or allow to be disclosed any Confidential Information to the Department of Finance, the minister responsible for administering the Act and that minister's department, the minister responsible for administering the *Electricity Corporations Act 2005 (WA)* and that minister's department, the Coordinator of Energy, or the Director of Energy Safety.
- (d) Nothing in clause 34.4 limits Horizon Power Pilbara Network's obligations to comply with Chapter 8 of the Code and the Ring Fencing Rules.

34.5 Third party disclosure

An Information Recipient disclosing information under clause 34.4 must:

- (a) use all reasonable endeavours to ensure that a Third Party Recipient does not disclose the Confidential Information except in the circumstances permitted by clause 34.4;
- (b) notify the Third Party Recipient that it has a duty of confidence to the Information Provider in respect of the Confidential Information; and
- (c) except to the extent that the Third Party Recipient is under an existing enforceable legal obligation to maintain the confidence of the Confidential Information as contemplated in clause 34.5(b), procure a written confidentiality undertaking from the Third Party Recipient consistent with this clause 34.

34.6 Disclosure to other interested parties

The Parties agree that the following Confidential Information, may be disclosed by an Information Recipient without being in breach of the prohibition in clause 34.3 in the following circumstances:

- (a) disclosure by either Party to a Controller of Facilities and Equipment or a Connection Point (or both, as applicable), of information relating to the Controller's rights, obligations and interests in respect of those Facilities and Equipment or that Connection Point (or both, as applicable); and
- (b) disclosure by either Party to the User's Customers of:
 - (1) any information relating to a Curtailment affecting those Customers;
 - (2) any information relating to the occurrence of a Force Majeure Event that affects the provision of a Service under this Contract and which impacts (or will impact) such Customers;
 - (3) Metering Data in respect of any Connection Point which is relevant to that Customer; and
 - (4) any information relating to Charges or other amounts payable under this Contract in respect of any Connection Point which is relevant to that Customer.

34.7 No unauthorised copying

Subject to any obligation under any Law to do so, a Party must not copy any document containing the other Party's Confidential Information except as necessary to perform this Contract.

34.8 Secure storage

A Party must ensure that proper and secure storage is provided for the Confidential Information while in its Possession, provided that if a Party is a corporation it may retain any such documents or parts of documents that form part of board papers (or other formal approval processes) of such corporation and which are required to be retained by that corporation under usual corporate governance requirements.

34.9 Return of materials

Subject to any obligation under any Law relating to records retention and subject to prudent recording – keeping procedures (including, in contemplation of potential legal action), a Party must return all documents containing the other Party's Confidential Information, including all copies, to the other Party on termination of this Contract, or, upon written request by the other Party, destroy all such documents.

34.10 Remedies

Each Party acknowledges and agrees that any breach or threatened breach of this clause 34 may cause a Party immediate and irreparable harm for which damages alone may not be an adequate remedy. Consequently, each Party has the right, in addition to any other remedies available at Law, to seek urgent injunctive relief under clause 29.7, or compel specific performance of this clause 34 in respect of any such breach or threatened breach.

34.11 Freedom of information

The User acknowledges that Horizon Power Pilbara Network is subject to the *Freedom of Information Act 1992 (WA)* and that this Contract or documents relating to this Contract may become subject of an application under that Act, and access to them may need to be given to a third party in accordance with that Act. Horizon Power Pilbara Network has no liability to the User whatsoever for giving access to a document in accordance with the *Freedom of Information Act 1992 (WA)*.

34.12 Survival of obligations

- (a) This clause 34 survives the termination or expiry of this Contract, and remains enforceable for a period of 7 years from the date of such termination or expiry.
- (b) Any person who ceases to be a Party to this Contract continues to be bound by this clause 34.

35 Ring fencing

The Parties acknowledge and agree that:

- (a) Horizon Power Pilbara Network is a vertically integrated service provider, consisting of both a Network Business and an Other Business;
- (b) this Contract relates to the business and functions of the Network Business and the User must deal with the Network Business in relation to the implementation of this Contract; and
- (c) a court or tribunal, in considering whether:
 - (1) representations made by Workers of the Other Business can or ought be attributed to the Network Business, or vice versa;
 - (2) a notice or other information given to a Worker of the Other Business has been communicated, or should be deemed to have been communicated, to the Network Business, or vice versa; or
 - (3) a contract entered into between the Parties relating to the functions and business of the Other Business does, or ought to express or imply an intention to vary this Contract, or vice versa,
 must have fair and reasonable regard to the separation of the Network Business and Other Business and the Ring Fencing Rules.

36 Notices

36.1 Requirements for Communications

Except as provided in clause 36.2, or where given under the electronic communications protocol in Schedule 7, a Communication must be:

- (a) in writing (which includes any Electronic form capable of being reduced to paper writing by being printed); and

- (b) delivered or sent to the address of the addressee as specified in Schedule 6 by one or more of the following means:
 - (1) hand delivery;
 - (2) priority post (airmail if posted to or from a place outside Australia);
 - (3) courier service for hand delivery; or
 - (4) Electronically to the email address of the addressee.

36.2 Operational and urgent Communication

Where this Contract expressly provides, and where the Parties agree in writing, Communications:

- (a) of a day to day operational nature; or
- (b) given in an operational Emergency,

may be given orally and confirmed in writing (within 5 Business Days after the Communication), under the electronic communications protocol in Schedule 7.

36.3 Communication takes effect

A Communication takes effect from the later of:

- (a) the time it is received (or deemed to have been received under clause 36.4, where applicable); and
- (b) any later time specified in the Communication.

36.4 Deemed receipt

For the purposes of this Contract:

- (a) a Communication delivered by hand to the address of a Party (including where a reputable courier service is used for that purpose) is deemed to be received if it is handed (with or without acknowledgment of delivery) to any person at the address who, in the reasonable judgement of the person making the delivery (upon making appropriate enquiries):
 - (1) appears to be; and
 - (2) represents himself or herself as,
 - a representative of the Party to whom the Communication is addressed;
- (b) a Communication which is posted is deemed to be received by the Party to whom the Communication is addressed:
 - (1) where the Communication is sent from outside the country of the address to which it is sent – 10 Business Days after the day of posting; and
 - (2) in any other case – 3 Business Days after the day of posting; and
- (c) a Communication sent Electronically:
 - (1) under the electronic communications protocol in Schedule 7 is deemed to be received by the party as specified in the electronic communications protocol in Schedule 7; and
 - (2) other than under the electronic communications protocol in Schedule 7, is deemed to have been received by the Party when such

Communication is deemed to have been received under the Communication Rules.

36.5 Change of address

A Party may at any time, by notice given to the other Party, designate a different email or postal address for the purpose of this clause 36.

37 Miscellaneous

37.1 Compliance and lawful directions

Each Party to this Contract must comply with all applicable Laws.

37.2 Variation

- (a) Subject to clause 37.2(b) a purported agreement between Horizon Power Pilbara Network and the User to revoke, substitute or amend any provision of this Contract has no effect unless it is in writing.
- (b) Clause 37.2(a) does not prevent the User and Horizon Power Pilbara Network from agreeing by non-written means under clause 36.2 to revoke, substitute or amend any provision of this Contract in an Emergency provided that the non-written revocation, substitution or amendment applies only while the effects of the Emergency subsist.

37.3 No third party benefit

This Contract does not confer any right or benefit on a person other than the Parties, despite the person being named or identified, or belonging to a class of persons named or identified, in this Contract.

37.4 Duty

The User is liable for and must pay any duty that is assessed on this Contract under the *Duties Act 2008* (WA). If it is dutiable, the User must produce this Contract to the Office of State Revenue for assessment.

37.5 Costs

Each Party must pay its own costs, charges, expenses, disbursements or fees in relation to:

- (a) the negotiation, preparation, execution, performance, amendment or registration of, or any notice given or made; and
- (b) the performance of any action by that Party in compliance with any liability arising,

under this Contract, or any agreement or document executed or effected under this Contract, unless this Contract provides otherwise.

37.6 Waiver

A provision of this Contract may only be waived by a Party giving written notice signed by a duly authorised representative to the other Party. No other conduct of a Party (including a failure to exercise, or delay in exercising, a right) operates as an election to waive the right or otherwise prevents the exercise of the right.

37.7 Entire agreement

This Contract constitutes the entire agreement between the Parties as to its subject matter and, to the extent permitted by Law, supersedes all previous agreements, arrangements, representations or understandings.

37.8 Severance

If the whole or any part of this Contract is void, unenforceable or illegal in a jurisdiction, it is severed for that jurisdiction. The remainder of this Contract has full force and effect and the validity or enforceability of the provision in any other jurisdiction is not affected. This clause 37.8 has no effect if the severance alters the basic nature of this Contract or is contrary to public policy.

37.9 Counterpart execution

This Contract may be signed in any number of counterparts and all such signed counterparts, taken together, will be deemed to constitute one and the same instrument even though all Parties may not have signed each separate counterpart.

37.10 Further assurance

Schedule 7

Electronic Communications Protocol

{Note: Referred to in clause 36.}

In this Schedule, unless the context otherwise requires, the defined terms in column 1 below have the respective meanings in column 2:

Column 1	Column 2
Addressee	the person to whose Email Address an email is sent.
Automated Response Message	<p>an email (Reply Email) sent automatically upon receipt of an email (Original Email), where the Reply Email is sent from an Addressee's Information System to the Originator of the Original Email, acknowledging that the Original Email has been received by the Addressee's Information System and containing:</p> <ol style="list-style-type: none">1 the name of the Originator of the Original Email;2 at least the time, date and subject title of the Original Email;3 the name of the Addressee of the Original Email; and4 the date and time the Original Email was received by the Addressee's Information System (which in the absence of evidence to the contrary is taken to be the creation date of the Reply Email).
Data	includes the whole or part of a computer program within the meaning of the <i>Copyright Act 1968</i> (Cth).
Email	a communication of Information by means of guided or unguided electromagnetic energy, or both, by way of packet transfer between and within computer networks using the TCP/IP protocol.
Email Address	the address nominated in Schedule 6, being an address which is a combination of a personal identifier and a machine/network identifier, which are together capable of being resolved by computer networks transmitting email using the TCP/IP protocol, so that email is transmitted to the person providing that email address.
Information	information in the form of Data, text, images or sound.
Information System	a system for generating, sending, receiving, storing or otherwise processing emails.

Column 1	Column 2
Originator	the person who sends an email to an Addressee.
Place of Business	a place of business nominated under Schedule 6 and in relation to a government, a government authority or a non-profit body, includes a place where any operations or activities are carried out by that government, authority or body.
Purported Originator	the person on the face of the email who appears to be, or purports to be the Originator, including by purported compliance with clause 4 of this Schedule.

1 Application to invoicing

Where the Parties have agreed under clause 10.1(d) regarding the issuing of Tax Invoices other than in accordance with clause 10.1(a) the procedure set out in this Schedule does not apply to invoicing under this Contract, and the alternative agreed procedure will apply in its place.

2 Parties to establish email Addresses

- (a) Horizon Power Pilbara Network and the User must:
- (1) from time to time, nominate a Place of Business and establish an Email Address to be used for the Communications under this Contract;
 - (2) use reasonable endeavours to ensure that the Information System, on which emails addressed to the Email Address are received, is operational:
 - (A) a 24 hours-a-day; and
 - (B) 7 days-a-week,
 to receive emails and send Automated Response Messages as required by this Contract;
 - (3) as soon as practicable notify the other Party of its Place of Business and Email Address and of any change in each of them; and
 - (4) establish a mechanism to generate an Automated Response Message for each email (other than an Automated Response Message) received at the Email Address.

3 Requirement for Automated Response Message

- (a) An email is neither given nor received under this Contract until the Originator receives the Addressee's Automated Response Message for the email.
- (b) It is the Originator's responsibility for each attempted email to verify that it receives an Automated Response Message, and if it does not receive an Automated Response Message arrange either for:
 - (1) retransmission of the email; or
 - (2) communication of the Information by an alternative medium (but this clause 3(b) does not limit the Addressee's responsibilities under clause 4 of this Schedule).
- (c) If the Originator receives an Automated Response Message for an email, then (unless the Addressee proves otherwise) for the purposes of this Contract the:
 - (1) Originator has sent; and
 - (2) Addressee has received,the email at the date and time shown in the Automated Response Message.
- (d) It is the Addressee's responsibility for each email for which the Addressee's Information System generates an Automated Response Message to:
 - (1) read the email and the Information it contains, and if applicable communicate it to the appropriate Worker within the Addressee's organisation; and
 - (2) if necessary, notify the Originator of any difficulty in opening, reading, de-compressing or otherwise accessing (in a form reasonably readable) any Information contained in the email,and if it appears to the Addressee that the Addressee was not the intended or correct recipient of the Information in the email, communicate this fact to the Originator.

4 Location

Unless otherwise agreed between the Originator and the Addressee of an email, the email and the Information it contains is deemed to have been sent from the Originator's Place of Business and received at the Addressee's Place of Business.

5 Attribution of emails and reliance

Except to the extent that:

- (a) the Purported Originator of an email and the Addressee of the email agree otherwise; or
 - (b) the Purported Originator of an email proves otherwise,
- the Addressee of an email in respect of which an Automated Response Message has been given may assume for all purposes under this Contract that the:
- (c) Purported Originator of the email is the Originator of the email; and

- (d) email was sent by, or with the knowledge and express authority of, the Purported Originator.

6 Signatures

For the purposes of this Contract, an email must identify the Originator.

7 Information format

An Originator must use reasonable endeavours, in selecting the data format for Information contained in an email, to adopt a consistent format over time to facilitate any automated processing of the Information by the Addressee.
